ONE DAY WORK SHOP ON MUSHROOM CULTIVATION

Date: 30 March 2024

Time: 11:00am onwards

Teacher Incharge: 1. Ms.Sapna Thapa
2. Mrs Komal Karne

On March 30, 2024, the Department of Microbiology hosted an engaging one-day workshop on Mushroom Cultivation for T.Y.B.Sc. students. The event kicked off at 11:00 a.m. with a warm welcome and introduction of our esteemed guests by Ms. Sapna Thapa. We were delighted to welcome Dr. Shilpa Shitole and Mrs. Pallavi Tamboli from the Botany Department of S.M. Joshi College.

At 11:30 a.m., Mrs. Pallavi Tamboli captivated the students with an insightful presentation on the fascinating world of mushrooms. She covered a range of mushroom types and detailed their cultivation processes. Following this, Dr. Shilpa Shitole conducted a hands-on demonstration of mushroom cultivation, providing practical insights into the process.

The workshop proceeded with the students being divided into two groups, each of which embarked on creating their own mushroom bags. Under the guidance of our experts, the students meticulously followed each step of the process and found great enjoyment in the hands-on experience. The workshop not only educated but also inspired enthusiasm among the participants, making it a memorable and valuable experience.

PC ASSEMBLY REPORT

The Department of Electronic Science had organized a Hands-on Training workshop on “PC ASSEMBLY” for T.Y. BSc Electronic Science students on 28th February 2024 (Wednesday) from 10:00 a.m. onwards.

The workshop began with an inaugural function where a felicitation ceremony for the Chief Guest - Mr. Vipin Kumar Sharma (Technical Head Jetking) took place in presence of Hon.Prin.Dr.K.P. Kakde, Vice-Principal Prof.S.V. Jade and Mrs. Sangeeta Yadav (Head of Comp Sci).

Assembling a PC involves the construction of a computer system from individual components such as the central processing unit (CPU), motherboard, memory, storage devices, graphics card, power supply unit (PSU), and peripherals. This report provides a detailed overview of the PC assembly process.

Assembling a PC requires careful attention to detail, adherence to safety precautions, and familiarity with component compatibility. By following the outlined steps and precautions, users can successfully build a functional and reliable computer system tailored to their specific needs.

A quote from Mr. Amit Jhajharia says, “Our Brain Is a Hardware, Our Thoughts Are Software, It's Time for Update Be Aware, Otherwise People Treat You Like a Malware.”

The Hands-On Training Workshop was a great success as it not only gave students a technical working environment but also provided the knowledge to sustain and survive in this world of exploration where in every second there's a challenge coming up in the field of technology.

**Eco-friendly Cocopit Pot Making and Hanging Garden
Maintenance
Report**

Date: 12/02/ 2024

Time: 10:30 am

Venue: Department of Botany Lab

Introduction:

On the auspicious occasion of the birth anniversary of Charles Darwin, a workshop on Eco-friendly Cocopit Pot Making and Hanging Garden Maintenance was organized by the Botany Department. The workshop aimed to promote sustainable gardening practices and educate participants on the importance of eco-friendly alternatives.

Attendees:

The workshop was attended by students, faculty members, and gardening enthusiasts from the local community. Among the notable attendees were Mr. Vaibhav Kodlinge, the workshop coordinator, Dr. Shitole Shilpa, Head of the Botany Department, and Dr. Kishor Kakade, the Principal.

Workshop Sessions:

1. Introduction to Eco-friendly Gardening: Ms. Dipali Kolekar and Ms. Suvarna Gaikwad commenced the workshop with a brief introduction to eco-friendly gardening practices, highlighting the significance of sustainable approaches in preserving the environment.

2. Cocopit Pot Making Demonstration: Ms. Dipali Kolekar and Ms. Suvarna Gaikwad, the workshop coordinator, led a hands-on session on cocopit pot making. Participants were provided with cocopit materials and guided through the process of creating biodegradable pots, emphasizing their eco-friendly nature and benefits for plant growth.

3. Hanging Garden Maintenance Tips: Following the cocopit pot making session, practical tips and techniques for maintaining hanging gardens were shared. Participants learned about suitable plant varieties, watering schedules, and overall care to ensure the longevity and

vibrancy of their hanging gardens.

4. Interactive Q&A Session: The workshop concluded with an interactive Q&A session, where attendees had the opportunity to seek clarification on gardening techniques, sustainability practices, and related topics from the expert panel.

Closing Remarks:

Dr. Kishor Kakade, the Principal, delivered closing remarks expressing gratitude to the organizers, presenters, and participants for their active engagement in promoting eco-friendly initiatives. He encouraged everyone to apply the knowledge gained from the workshop in their gardening endeavors and contribute to environmental conservation efforts.

Conclusion:

The Eco-friendly Cocopit Pot Making and Hanging Garden Maintenance workshop provided valuable insights into sustainable gardening practices and empowered participants to adopt eco-friendly alternatives in their gardening activities. The collaborative efforts of the workshop coordinator, faculty members, and attendees contributed to the success of the event and its impact on promoting environmental consciousness within the community.

Assurance Cell (IQAC), SM Joshi College, Hadapsar

The workshop commenced at 11:00 am with an inauguration ceremony. The event was graced by esteemed dignitaries including Chief Guest, Hon. Dr. Pravin Desai, President Dr. Kishor Kakade, and Key Speaker Hon. Dr. Ravindra Deshpande. Their presence marked the significance of the workshop in exploring Intellectual Property Right Opportunities in Patent Filing.

The first session focused on the fundamentals of Intellectual Property Rights (IPR) and the nuances of patent filing. Key Speaker Hon. Dr. Ravindra Deshpande

enlightened the participants with insightful discussions and case studies, providing a comprehensive understanding of patent filing procedures and its relevance in various domains.

The second session, also conducted by Hon. Dr. Ravindra Deshpande, delved deeper into specific case studies, practical examples, and success stories in patent filing. Participants engaged actively in discussions, clarifying doubts, and gaining valuable insights into leveraging IPR for innovation and commercialization.

The workshop concluded with a valedictory session presided over by Chief Guest Hon. Sachin Nayak and President Dr. Kishor Kakade. Dr. Sopan Ainar delivered the vote of thanks, expressing gratitude to the dignitaries, participants, and organizers for their contributions towards the success of the workshop.

The workshop provided a platform for researchers, academicians, and industry professionals to deepen their understanding of Intellectual Property Rights and its practical applications in patent filing. Participants left with enhanced knowledge, equipped to harness IPR opportunities for innovation and economic growth.

The One-Day National Level Workshop on Intellectual Property Right Opportunities in Patent Filing proved to be a fruitful endeavour, fostering collaboration, learning, and awareness in the field of IPR. The event underscored the importance of protecting intellectual assets and leveraging them for societal and economic advancement.

For this workshop Principal Prof. Dr. Kishore Kakade guided and encouraged all the staff. Vice Principal Sanjay Jade, IQAC Coordinator Dr. Shahaji Karande, Convener Dr. Ranjana Jadhav, Treasurer Dr. Atul Choure, Mr. Pradip Jadhav, Co-ordinator Dr. Sopan Ainar, all the chairman and members of Committee took a lots of efforts to design, to organise, to plan the workshop. Students were very curious to know about Intellectual Property Right Opportunities in Patent Filing.

Workshop on
“Application of GIS and Remote Sensing in Watershed Analysis”
Report

Date: 30/01/2024

Introduction:

On 30th January 2024, S.M. Joshi college commemorated Geography Day by organizing workshop ‘Application of GIS and Remote Sensing in Watershed Analysis’ that aimed to give information about career opportunities in GIS industries and develop skill in cartographic techniques through open-source GIS software’s to students and faculty. The distinguished guest speaker for the occasion was Jr. Associate Mr. Vicky Shirole renowned expert in field of GIS and RS from M.R, S.A.C. Mr. Shirole has extensive technical knowledge in GIS software, making him the ideal choice to guide participants through the workshop.

Mr. Shirole delivered insightful lecture that delved deep in to the fundamental concepts of GIS and RS, application of GIS and RS and career opportunities for students in this field.

Students who participated in this workshop experienced how watershed analysis is done by using GIS software. Students learned about GIS data, open-source data and different GIS techniques in GIS software.

Following the workshop, there was an interactive session where participants had the opportunities to ask questions and seeks clarification from Mr. Shirole. This facilitated a deeper understanding the subject matter.

Opening addressed Dr, S.B. Jagtap, HOD Geography, emphasizing significance of Geography Day and application of GIS and RS techniques. Prof. Mundhe, president of program, delivered address about significance of upcoming technologies in social sciences. Dr. B.B. Mali extended a heartfelt vote of thanks to Mr. Vicky Shirole for these valuable insights and to all the participants for their active engagement. The event was skilfully anchored by Ms. Rupali Nijampurkar, adding professional touch to the proceedings.

Conclusion:

The workshop on application of GIS and RS in watershed analysis at S.M. Joshi college, jointly organised by Department of Geography, IQAC and NIIG, served as enlightening and

informative platform to create the interest in career in digital cartography through GIS and RS software.

Mr. Shirole's expertise and engaging presentation left a lasting impact on the students, inspiring them to do different courses in Geoinformatics and make their great career. Through such programs the college is committed to brighten the future of students by making them aware of various career opportunities and we thank to all those who contributed to the success of this enlightening session, we look forward to future ventures.

e-Recyclebin Industrial visit 2023-24
Report

A workshop for hands-on industrial training on e-Recycle bin was organized by department of Computer Science and Application on 29th September 2023. Hon. Mr. Manoj Mehta, CMD, Mahalaxmi e-Recyclers Pvt. Ltd. graced this event as a chief guest. Hon. Prin. Dr. N.S. Gaikwad guided and encouraged all the students. Faculty head Mrs. Sangeeta Yadav, Mr. Sanjay Jade, Dr. Sanjay Jagtap, Dr. Kishor Kakade grabbed a lot of efforts to plan and guide and to organize such type of workshops.

All out of life or damaged /scrap electronics/electrical equipment's like Computers, Monitors, Television sets, Printers, Mobile Phones, CNC Machines, Medical Equipment's, Industrial Electronics Equipment's and their spare parts etc. comprises of the E-waste. These discarded electronics often end up in landfills or are incinerated, which can cause major environmental problems, as they are made up of extremely hazardous materials such as lead, mercury and cadmium. Of that 50 million tons of waste per year, only around 20 to 25 percent of it is actually gotten rid of safely and unfortunately, the final 75 percent ends up in landfills & Burning.

Globally 53 million tons of E-Waste is generated per year with an annual increase of 22% and just 18 % is recycled or disposed off in organized or environment friendly manner. The ever increasing demand for electronics goods compels to mine these metals from earth causing huge loss of environment.

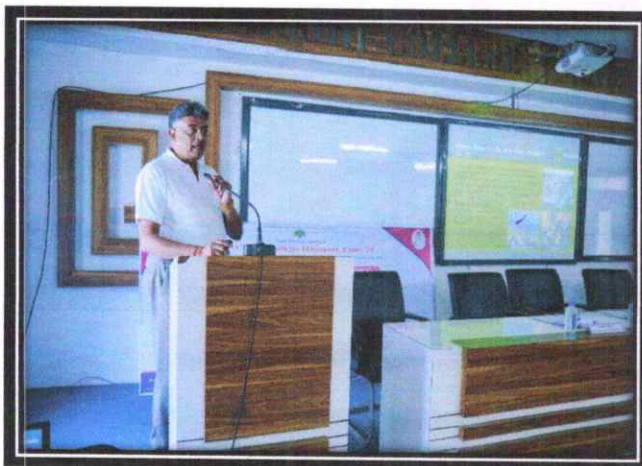

Disposing e waste through traditional kabadiwallahs or scrap vendors is illegal and most harmful.

The authorized e-waste management agencies have to collect such e waste from all sectors of society, store it properly and dispose/recycle in most environmental way without polluting it.

Through this workshop, students were made aware of the e-waste and its hazardous effects on the environment. They were taught how the recycling process works and a hands-on training for the same was also provided at the recycling unit in Ramtekadi Industrial Area, Hadapsar, Pune. The recycling process consisted of collection of e waste from various categories of users through formal and informal collection agents. The collected e waste was then transported to ewaste facility in a closed vehicle. The waste is first cleaned for dismantling with electrical blowers and the dust is freed out through a dust collection equipment having filters. The solid mild steel and plastic from dismantled e waste was disposed through the respective recyclers. The residue in form of printed circuit boards is sent to the authorized recyclers within India & abroad for further separation of integrated metals & plastics and ferrous metal parts are further separated and disposed as earlier. The remaining pcb part with plastics and nonferrous metals are sent to other authorized e waste recyclers in India or abroad. Non-recyclable residue like CRT glass is sent to TSDF facility in Ranjangaon near Pune. MS Fabricated dismantling tables are used for cleaning & dismantling. Slotted angle racks are used to store the monitors and processed pcbs. Good spares are reused through refurbishing

A total of 320 students from BBA(CA), BCS and BCA attended this workshop and industrial visit. After the completion of this workshop student got certificates for their performance.

Induction Program for F.Y.B.Sc Students 2023-2024

Report

Introduction:

An induction program is a crucial component of the educational experience for new students, providing them with valuable insights, resources, and a sense of belonging. S. M. Joshi College recently conducted an induction program for its incoming batch of F.Y.B.Sc students, with more than 150 enthusiastic participants on 11th August, 2023 at 11.00 a.m.

This report aims to provide an overview of the program's objectives, activities, and outcomes.

Objectives:

The primary objectives of the FYBSc induction program at S. M. Joshi College were as follows:

- 1. Orientation:** To familiarize students with the college campus, its facilities, and key administrative processes.
- 2. Academic Awareness:** To introduce students to the academic expectations, course structure, and resources available for their BSc programs.

3. Building a Community: To foster a sense of belonging and camaraderie among the incoming students.

The induction program featured a variety of sessions to achieve its objectives:

1. Campus information: The program kicked off with a guided campus tour, allowing students to become familiar with the college's layout and important locations such as classrooms, library, laboratories, and administrative offices.

2. Academic Sessions: Faculty members conducted informative sessions on the curriculum, examination procedures, and academic support services. This helped students gain a clear understanding of what to expect academically. During the session the students were explained in detail on the various infrastructure, laboratories, department library, student associations, curricular and extracurricular activities, clubs, their importance in a student's life publications and various achievements. Hon. Principal Dr. N. S. Gaikwad was encouraged to student through presidential speech. Prof. K. P. Kakade has given the information about College, NEP and IQAC to all students. Dr. S. B. Jagtap has given the information about Exam Dept., NSS, NCC, Cultural and Sports. Dr. Ranjana Jadhav introduced chief guest of function and Dr. Shilpa Shitole did anchoring of the induction program.

Outcomes:

The induction program achieved several positive outcomes for the FYBSc students at S. M. Joshi College:

1. Increased Confidence: Students reported feeling more confident and prepared for the challenges of their academic journey.

2. Enhanced Academic Readiness: Understanding the academic structure and resources improved students' readiness for their BSc courses.

3. Stronger Bonding: The program facilitated interaction among students, promoting a sense of belonging and forming friendships.

Conclusion:

The FYBSc induction program at S. M. Joshi College was a resounding success, achieving its objectives of orienting students, building a sense of community, and promoting academic readiness. The college's commitment to providing a holistic educational experience was evident throughout the program, and the positive outcomes will likely have a lasting impact on the students' academic journey. The college administration should continue to invest in and enhance such programs, recognizing their critical role in shaping well-rounded and successful graduates. The induction program serves as a testament to S. M. Joshi College's dedication to the holistic development of its students, ensuring they are prepared for both academic challenges and personal growth.

ABOUT PARENT INSTITUTION

The Rayat Shikshan Sanstha was established by Padmnabhushan Dr. Karmaveer Bhaurao Patil in the year 1919 with the motto 'Education through Self-Help'. The Rayat Shikshan Sanstha is one of the leading educational institutions in Asia. The value of its contribution to education is to lay emphasis on the education of the down-trodden, deprived class and from remote area. Dr. Karmaveer Bhaurao Patil wanted to inculcate the dignity of labour among the students along with the social, spiritual, cultural and human values. He was a visionary who knew education only can eradicate all the social evils. So he established the schools, colleges in inaccessible area which was neglected by the educationists. The number of branches of Rayat Shikshan Sanstha reflects his vision and mission being translated into reality. He brought many promising children to Sanstha and shaped their lives to be the dignity in the society through providing facilities for further studies in abroad. Hence by nurturing the values of self help and dignity of labor, the mission statement is reflected.

Methodology:

As part of the Audit, we conducted an online survey through Google form specially designed for the Students, Faculty and the non-teaching staff in order to gather and collate the respondent's perception on the prevailing Gender sensitive practices. We also obtained Gender segregated data on the curriculum, male–female composition across various departments as well as listing of program /workshops /Seminars conducted on Gender related topics through another Google form issued to the management of the institute. The statistical data provided for 3 academic years together with the finding of the online survey across respondent groups have been analyzed.

Key Steps in Gender Audit:

- Planning.
- Information was collected through fieldwork, circulating Google Link questionnaires and direct observations.
- Analysis of gathered information, preparation analysis & then of Draft Report.
- Final Report.

Introduction:

S. M. Joshi College is run by the Rayat Shikshan Sanstha, Satara, which was established with the aim of imparting education to the downtrodden masses. It was founded by Late Padmabhushan Dr. Karmaveer Bhaurao Patil in the year 1919, with a vision and mission to educate the children of downtrodden and deprived class and from remote area. He wanted to inculcate the dignity of labour among the students along with the social, spiritual, cultural and human values. He was a visionary who knew education only can eradicate all the social evils. So he established the schools, colleges in inaccessible area which was neglected by the educationists. The number of branches of Rayat Shikshan Sanstha reflects his vision and mission being translated into reality. He brought many promising children to Sanstha and shaped their lives to be the dignity in the society through to go abroad for further studies. Hence by nurturing the values of self help and dignity of labour, the mission statement is reflected.

The easy access to the higher education was provided for all the communities residing around the place. The Institution provides admissions to all the students from socially and economically backward classes. It was decided that the admissions should be open to all the students who qualify the previous qualifying examination with minimum passing marks and who aspire for higher education. The adverse economic condition of the student should not hinder the educational opportunity; hence, the management of the college has been generous in providing the financial assistance and concessions in the fees to the needy students.

The Institution tries to perform a key role in human research development. It makes sincere efforts to foster the global competency among the students. It endeavors to inculcate a value system among student in relation with social, cultural, economic and environmental realities. The Institution has decided to promote the use of update and upgrade technology in the teaching and governance of the college. The institution dreams of the educational campus where everyone is prepared to make use of information and communication technology. This vision has been reflected in the implementation and execution of information communication Technology based degree and diploma courses.

In all its quality effort in higher education the institution has built up a mechanism to monitor the performance of the institution by seeking feedback from the students, teaching, non-teaching staff, prominent alumni and stake holders.

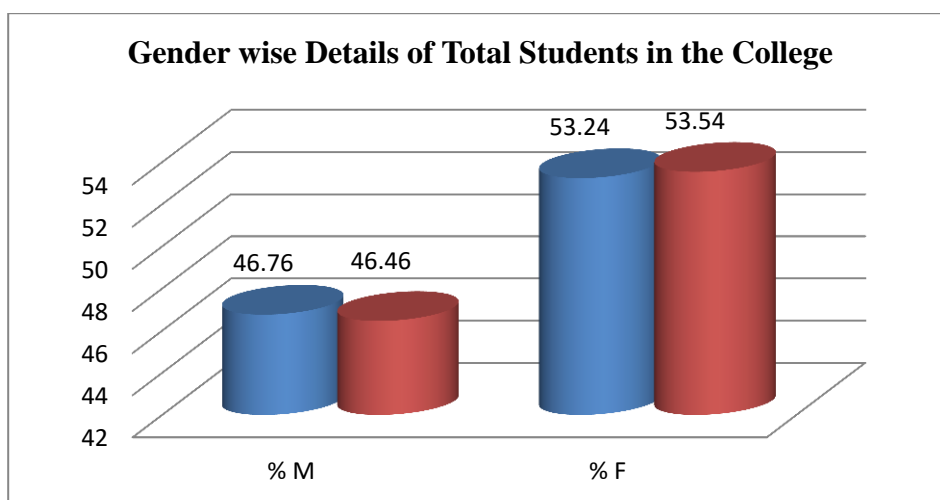

GENDER AUDIT REPORT**2022-23 & 2023-24**

Gender wise Details of Total Students & Staff in the College

Table1: Gender wise Details of Total Students in the College

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	6637	3104	3529	46.76	53.24
2	2023-24	5735	2665	3064	46.46	53.54

**Figure 1: Gender wise Details of Total Students in the College**

The table shows year wise gender classification of male and female strength of students and the total number of admissions in the college. It appears that the number of male students decreased in 2022-23 so there is a slight decrease of 0.30 % is visible in female's population and slight increase of 0.30 % is visible in female population as compared to previous year.

Table: 2 Gender wise Details of Total Students in Arts faculty

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	1150	590	560	51.30	48.7
2	2023-24	1200	608	590	50.66	49.33

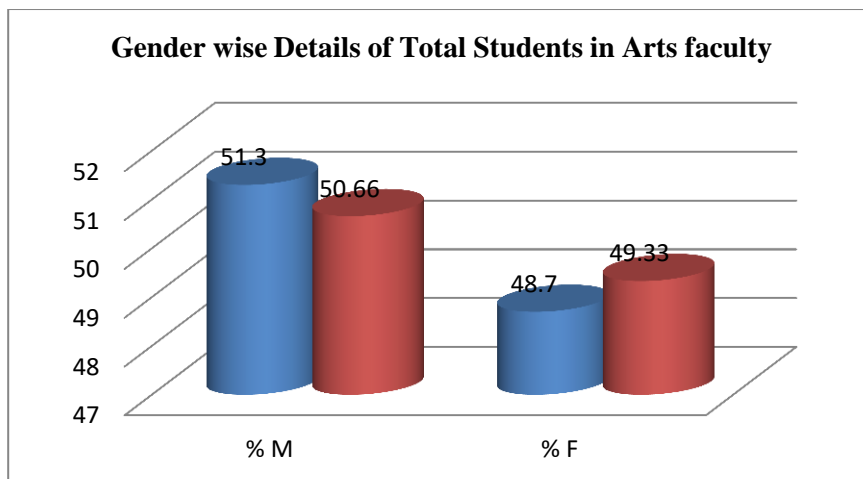

Figure: 2 Gender wise Details of Total Students in Arts Subjects

The number of Arts faculty students increased from 1150 to 1200 in 2023-24 so there is a slight decrease of 0.64 % is visible in male’s population and slight increase of 0.64 % is visible in female population as compared to previous year. The number of males in arts subjects such as Marathi, Hindi, English, Economics, Geography etc. slightly decreased as compared to previous years.

Table: 3 Gender wise Details of total students in Science faculty

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	2085	1047	1038	50.21	49.79
2	2023-24	761	293	468	38.50	61.5

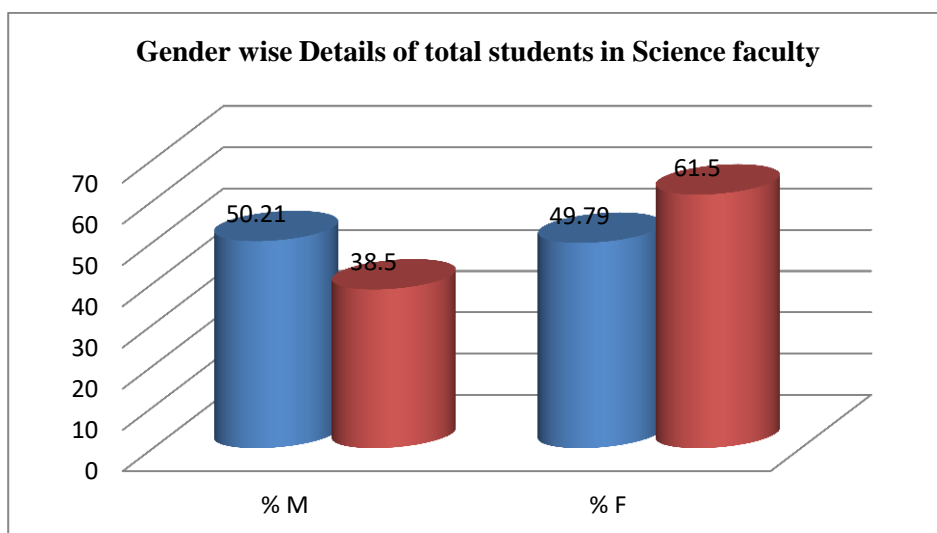

Figure: 3 Gender wise Details of total students in Science faculty

Males ratio is decreased by 11.71 percentage in academic year 2023-24. Females ratio increased by of 11.71 percentages in the same year. This data indicates a notable shift in gender distribution from 2022-23 to 2023-24, with a significant increase in the proportion of

females and a corresponding decrease in the proportion of males. In science though the number of females is still more but a decrease is found as compared to previous years. It is interesting to note that participation of female is more in science education. This underlines again, as the comfort zone provided by the college in science laboratories in which males have to interact with staff and female students during practical hours. Similar type of phenomenon has been observed in commerce stream.

Table: 4 Gender wise Details of total students in commerce faculty

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	1912	766	1146	40.06	59.94
2	2023-24	1755	712	1041	40.56	59.44

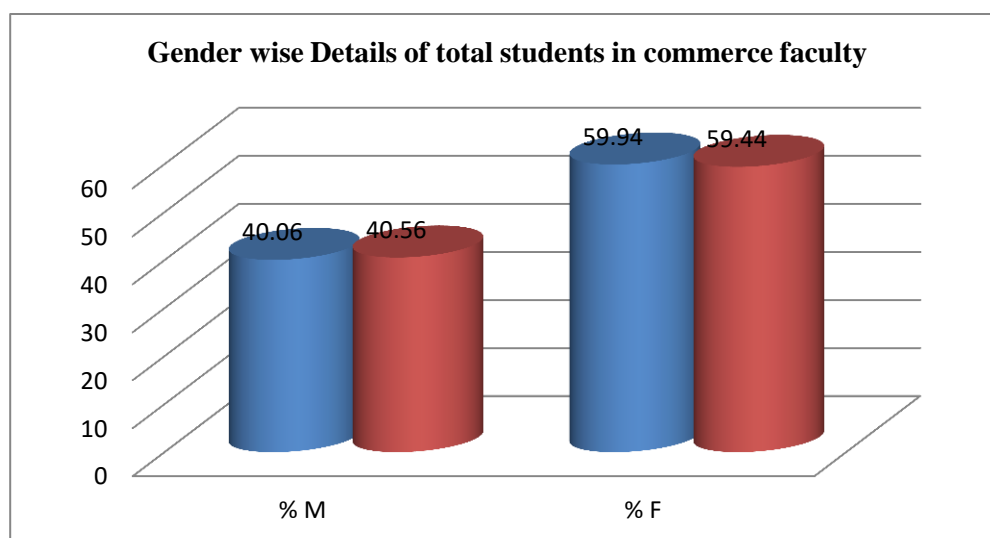

Figure:4 Gender wise Details of total students in commerce

The number of Commerce faculty students decreased from 766 to 712 in 2023-24 so there is a slight increase of 0.50 % in male's population and slight increase of 0.50 % in female population as compared to previous year. In commerce the total number is slightly decreased. Reduced some job opportunity in engineering, medical, pharmacy etc. might be the reason why more males are turning to arts, science and commerce.

Table: 5 Gender wise Details of teaching staff in the College

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	176	76	100	43.18	56.81
2	2023-24	156	87	69	55.76	44.23

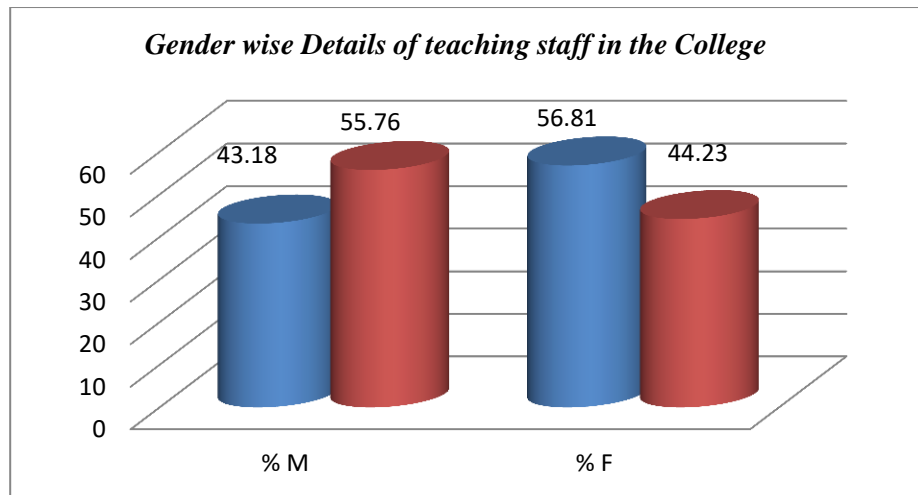

Figure: 5 Gender wise teaching staff in the College

The total number of female teaching staff is more as compared to male in 2022-23 but in next academic year the total number of male staff is more as compared to female in 2023-24. Not with standing mandatory female reservation policy of the state government female teachers are significantly less than the male. This may be due to the fact that well educated female work force has been less. It is improving in the last few decades but not sufficient enough to be reaching to 50% mark. Compared to other colleges in the area this college certainly stands out in terms of women participation in teaching. This proves that Maharashtra men are empowering as time travels. It’s also a need of Institution to have more female teachers with more girl’s students.

Table: 6 Gender wise Details of total HODs in the College

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	15	10	5	66.66	33
2	2023-24	15	10	5	66.66	33

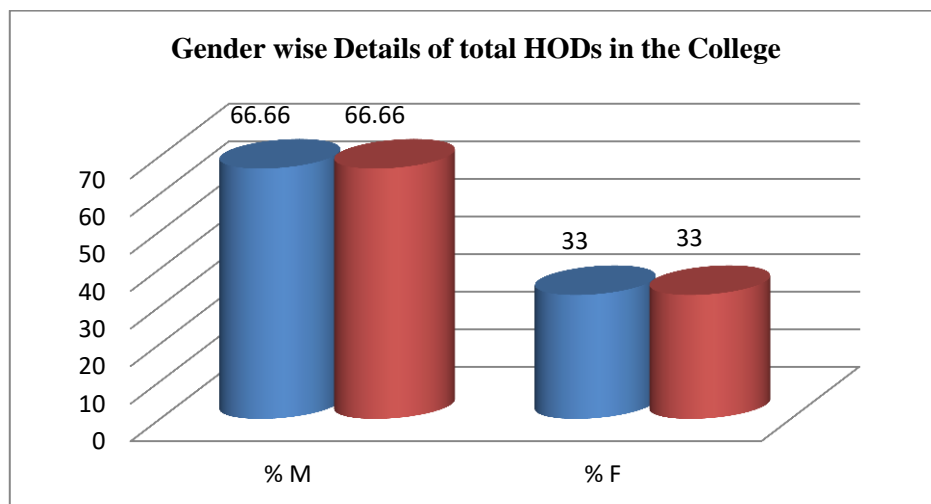

Figure: 6 Gender wise Details of total HODs in the College

Since two years gender wise details of total Head of the Departments (HODs) in College the ratio has not changed. There has been no decrease or increase in the number of male department heads and the number of female department heads in the 2023-24 as compared to the previous year.

Table: 7 Gender wise Details of Non-Teaching staff in the College

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	12	10	2	83.33	16.66
2	2023-24	12	10	2	83.33	16.66

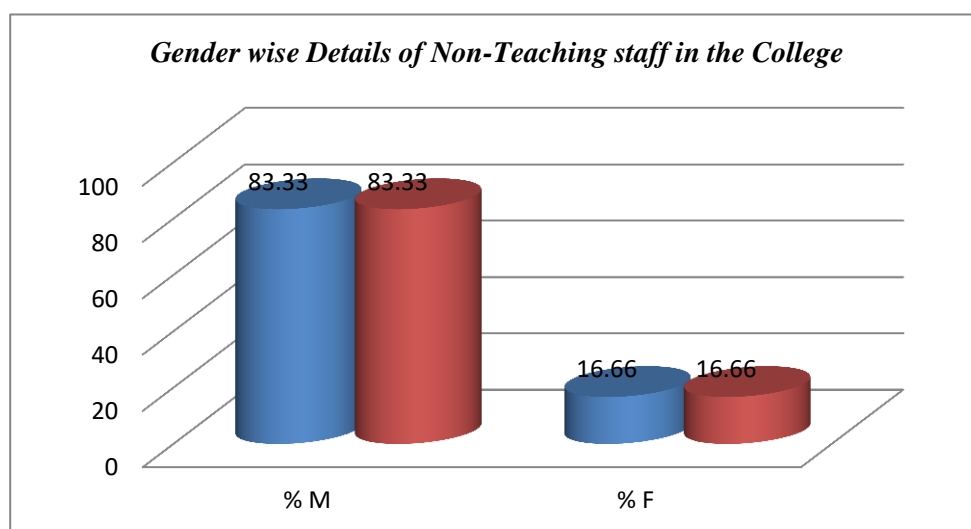

Figure: 7 Gender wise Details of Non-Teaching staff in the College

Since two years gender wise details of total non-teaching staff in College the ratio is fixed as near about 83.33 % males and 16.66 % female are in non-teaching. It is appropriate to have more than 80% of the staff here as men. But we hope that it can be improved in the future. Otherwise it is not suitable for college students for administration. This issue has been discussed with the principal of the college during audit. According to him the management has complete awareness about the issue. They prefer female candidate at the time of interview and appointment of staff. It is also observed by the management that attrition rate is alarming in case of women staff because of their migration after marriage. The college makes it sure to have presence of women teacher in the office and student facility center during the peak hours. Such kind of practical approach by the head of the institution is well appreciated.

Table: 8 Gender wise Details of total students in NCC

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	50	34	16	68.00	32.00
2	2023-24	49	34	15	69.39	30.61

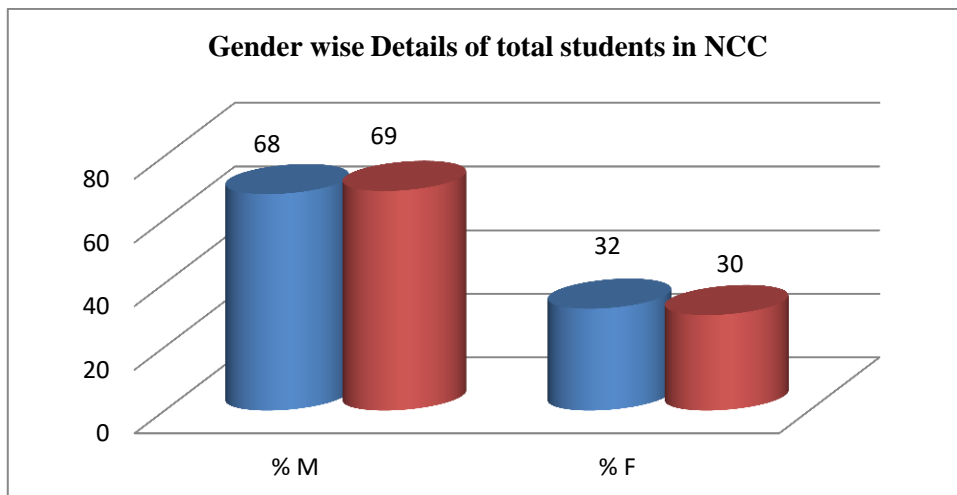

Figure: 8 Gender wise Details of total students in NCC.

2022-23 and 2023-24 two years gender wise details of NCC in College the ratio is changed as near about 2.00 % NCC students. Compared to the previous year, there has been a 1.39 % increase in the number of male and a 1.39 % decrease in the number of female in the year 2023-24. But it is hoped that it can be improved in the future. This issue has been discussed with the principal of the college during audit.

Table: 9 Gender wise Details of total students in NSS

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	250	101	149	40.4	59.6
2	2023-24	250	84	166	33.6	66.4

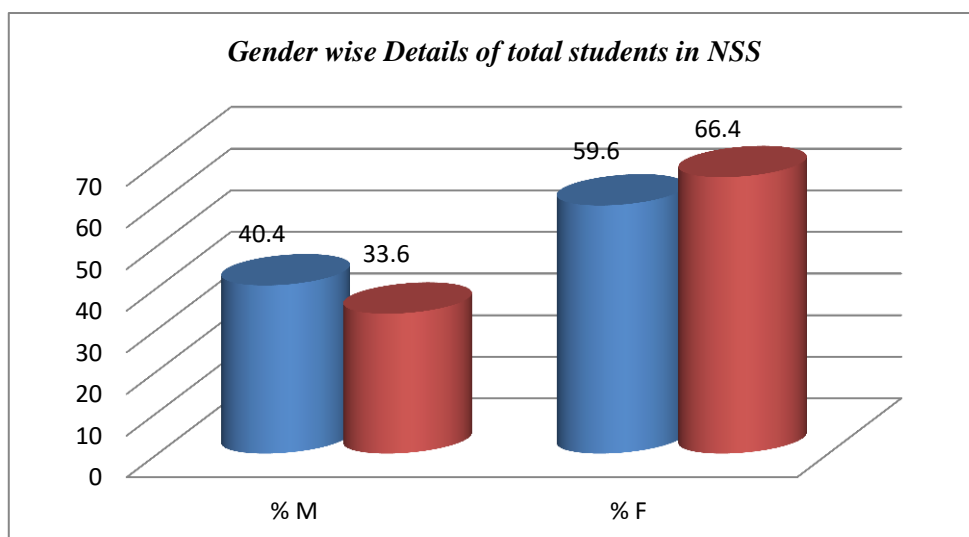

Table: 9 Gender wise Details of total students in NSS

The numbers of students are fixed at 250 for each year. Of the total number participating in the NSS committee, the number of girls has increased from 59.6 to 66.4 per cent in two years, while the number of boys has dropped from 40.0 to 33.6 per cent in 2022-

23 & 2023-24 years respectively. The selection of NSS volunteers are on the basis of their attitude towards selfless service to societal actions and also the ability to work in group is also considered. It's a matter of pride to see girls always excel in these activities.

Table: 10 Gender wise Details of total Participants in College Sports Activities

Sr. No.	Year	Total	Male	Female	% M	% F
1	2022-23	1468	642	826	43.73	56.27
2	2023-24	1248	591	657	47.35	52.65

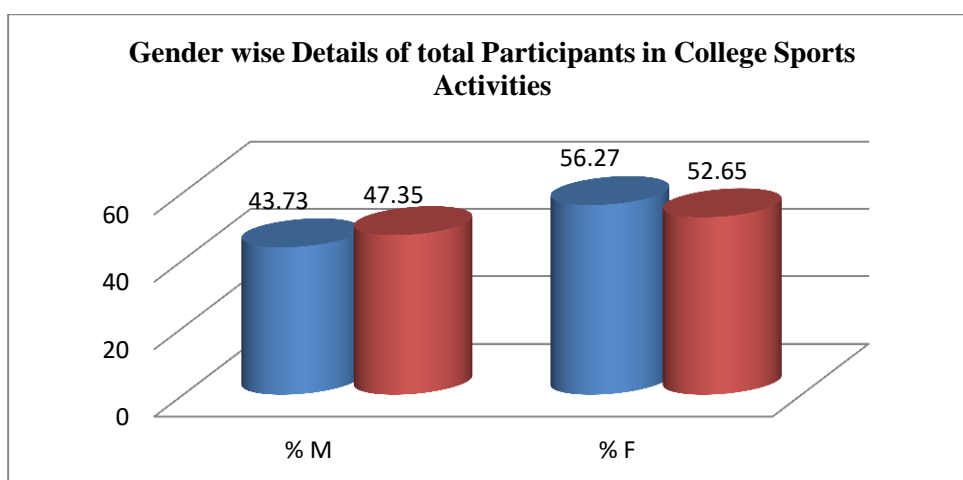

Table: 9 Gender wise Details of total Participants in College Sports Activities

The number of males has increased from 43.73 to 47.35 per cent in two years, while the number of girls has dropped from 56.27 to 52.65 per cent in 2022-23 & 2023-24 years respectively.

The sports competitions are male dominating. Girls concentrate more on athletics but youngsters are involved both in athletics and other games too. Compared to the previous year, there has been a 3.62 % increase in the number of male and a 3.62 % decrease in the number of female in the year 2023-24. In the participants of College sports activities are in academic year 2023-24 female percentages is more than male students.

Table: 11 Gender wise Total Participants in College Sports Activities

The table shows year wise gender classification of male and female strength of students and the total number of admissions to the college. It appears that the number of female students increased in 2022-23 so there is a slight increase of 0.34 % is found to be there with female's population and slight decreased of 0.34 % is found to be there with male population as compared to previous year.

Observations:

As the vital part of this audit a structured questionnaire in Google form has been circulated among the students asking them about gender equity policies and practices in college. About 867 students have answered. The analysis of their responses regarding programme planning and design in the college and its activities revealed that most of the student members feel that the gender equity in policies programmes of the college is adequate.

Female participation in learning:

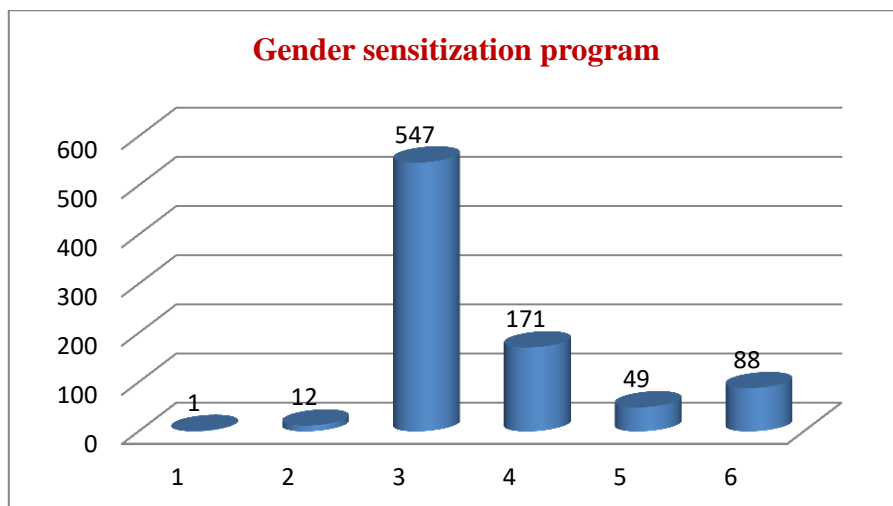

The data regarding number of male and female students clearly shows that male participation in learning is more, although marginal, than that of male in the year 2022-23 & 2023-24 (*Table No. 1*). The next year, however, has shown microscopic decrease in female participation. It may be stated here that the girls in the catchment area of the college have consistently believed that it is quite attractive, safe and comfortable for the girls coming from rural areas.

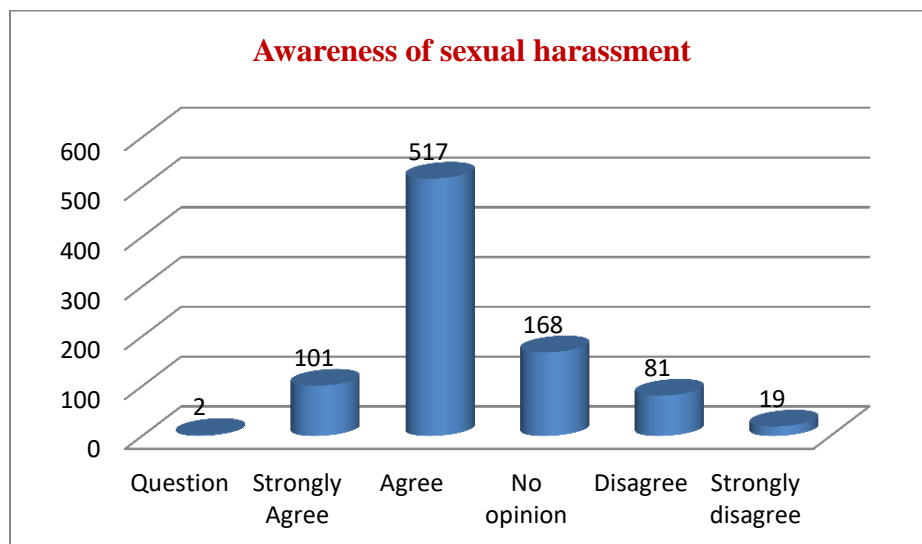

Number of Survey participants-867

Audit team have collated the data & analyzed the same with respect to the survey results for presenting the same in this report. A questionnaire online link was prepared for Gender Audit and distributed to all students through Class Teachers. More than 50 percent of students of the college participated in this survey. The details of this survey are as follows.

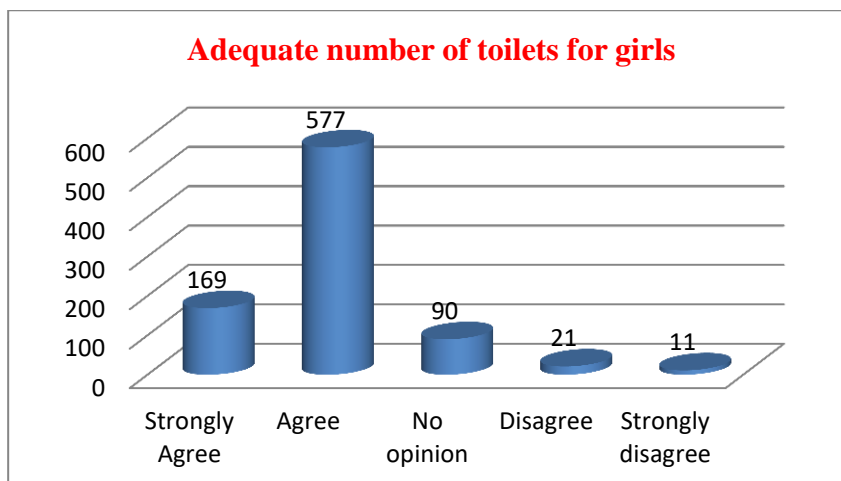

1. The college conducts gender sensitization program as a part of its curriculum

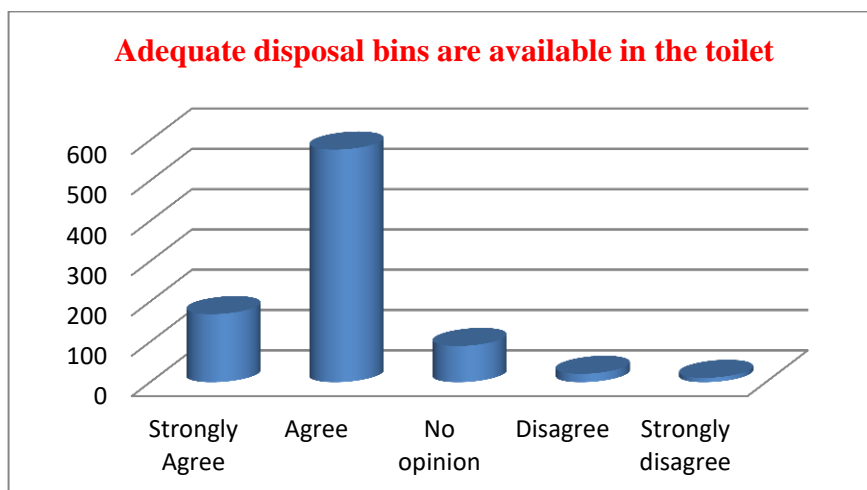

2. The college conducts gender awareness programs, such as awareness of sexual harassment, as a part of its curriculum.

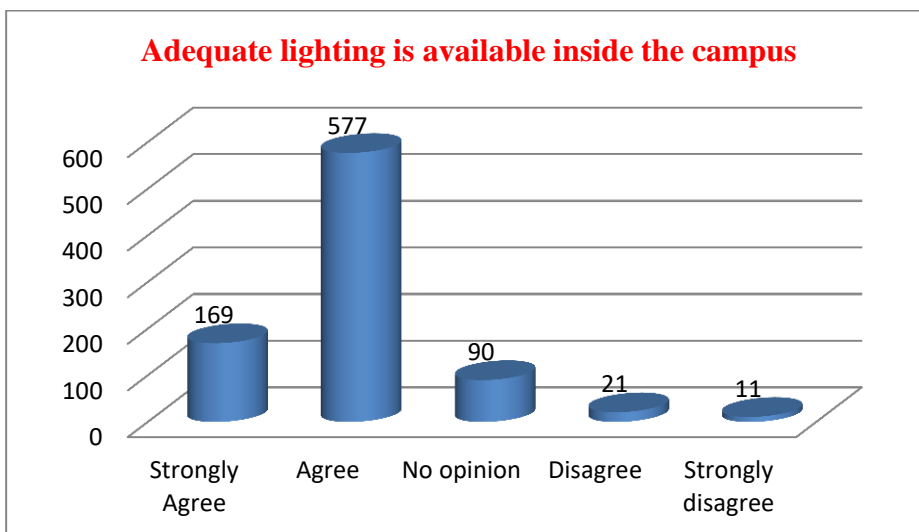

3. Adequate number of toilets are available in the campus for girls.

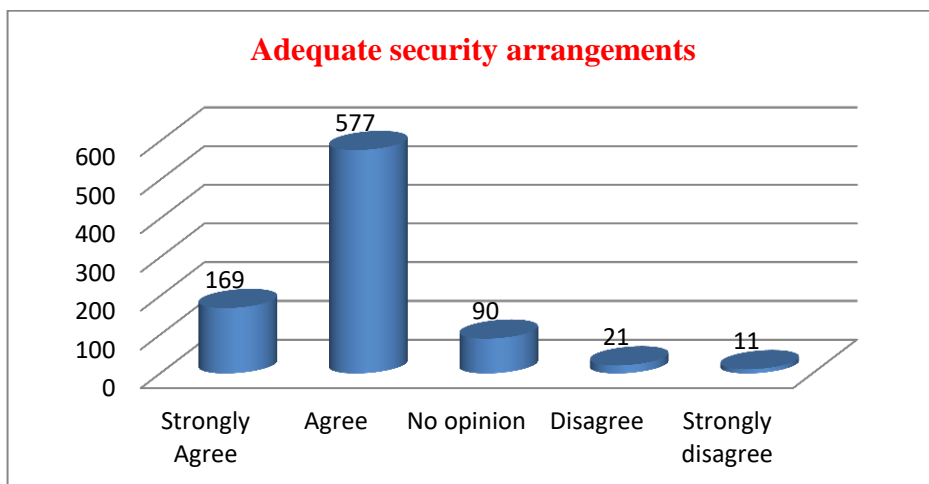

4. Adequate facilities are available inside the toilet keeping in mind the need of the girl students. Adequate disposal bins are available in the toilet

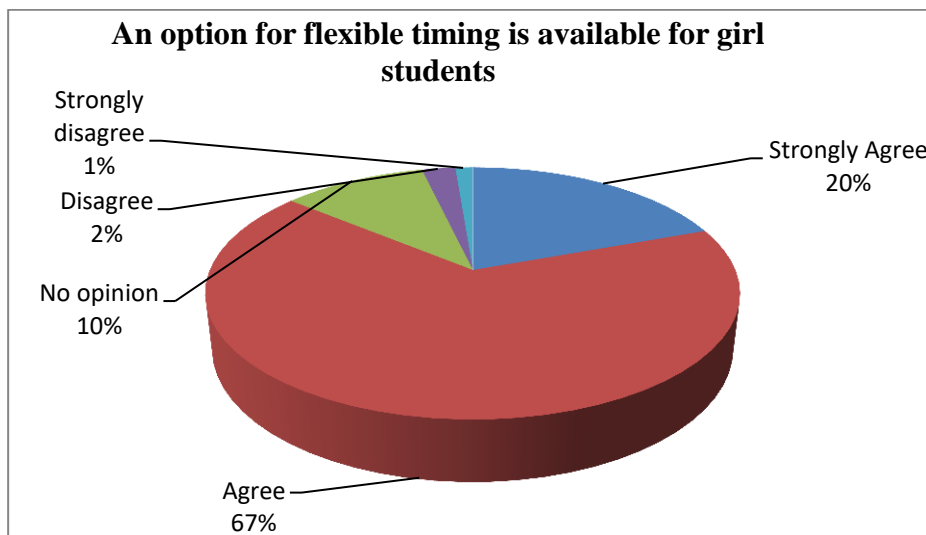

5. Adequate lighting is available inside the campus during night, including but not limited to, adequate light in corridor, class rooms, common areas, toilets etc.

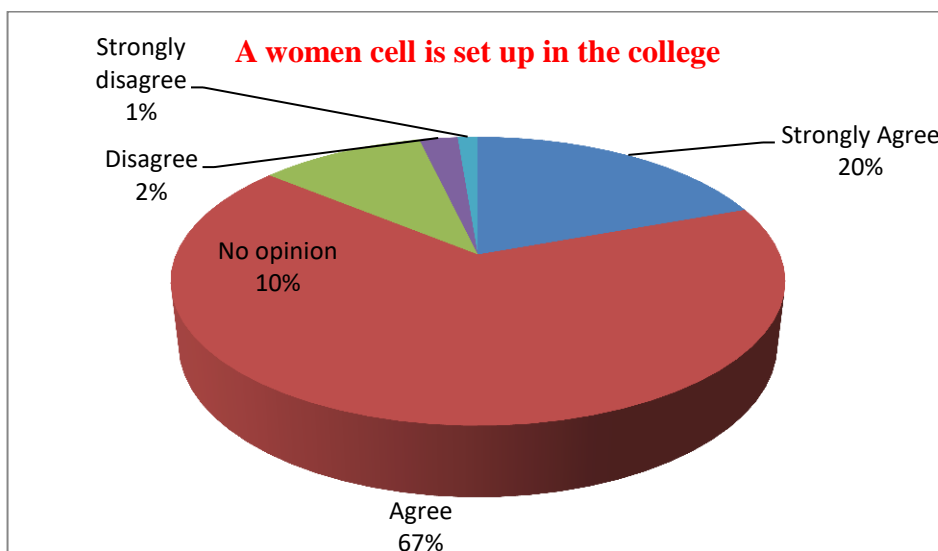

6. Adequate security arrangements have been made in the campus and common areas during day and night.

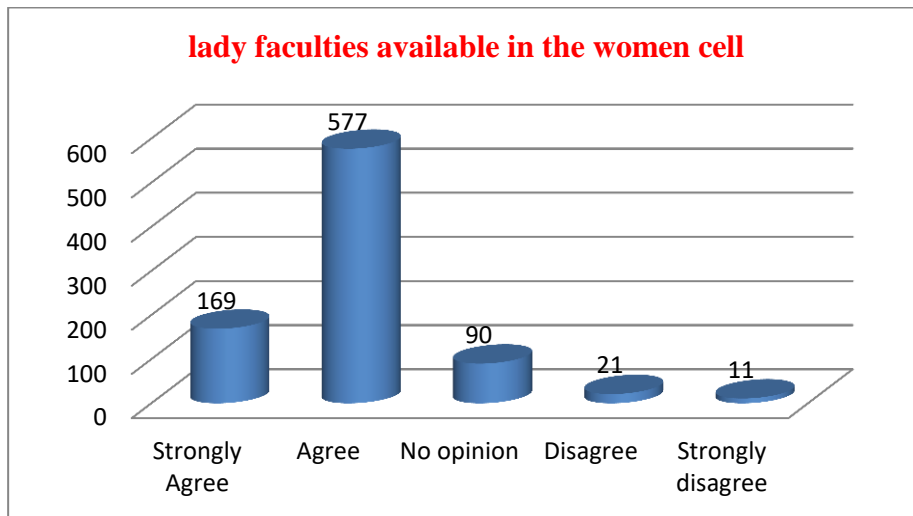

7. An option for flexible timing is available for girl students. For example, for outside scholars, no class is arranged in late evening or early morning.

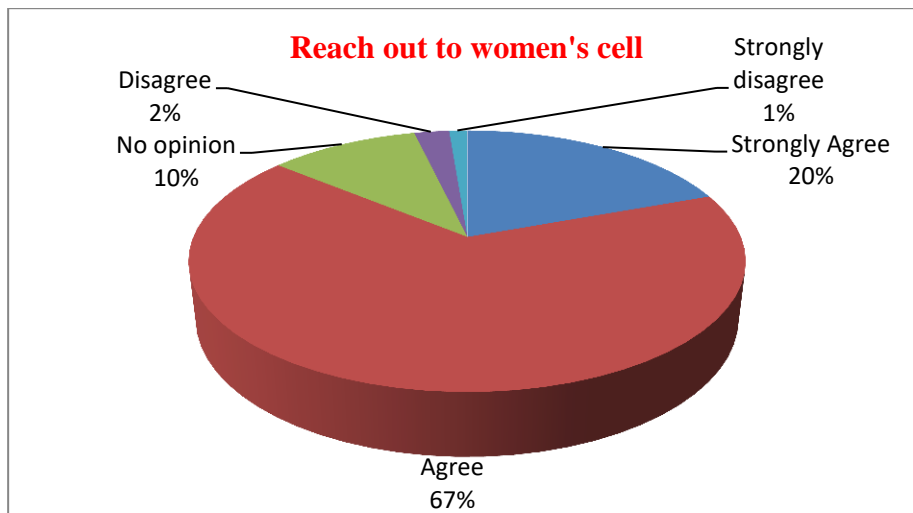

8. A women cell is set up in the college and students are aware about the women cell.

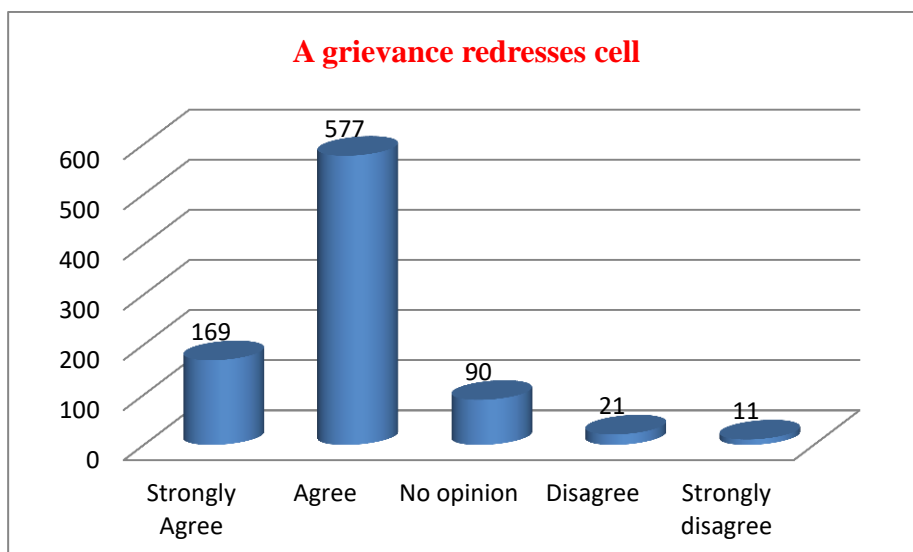

9. There are lady faculties available in the women cell.

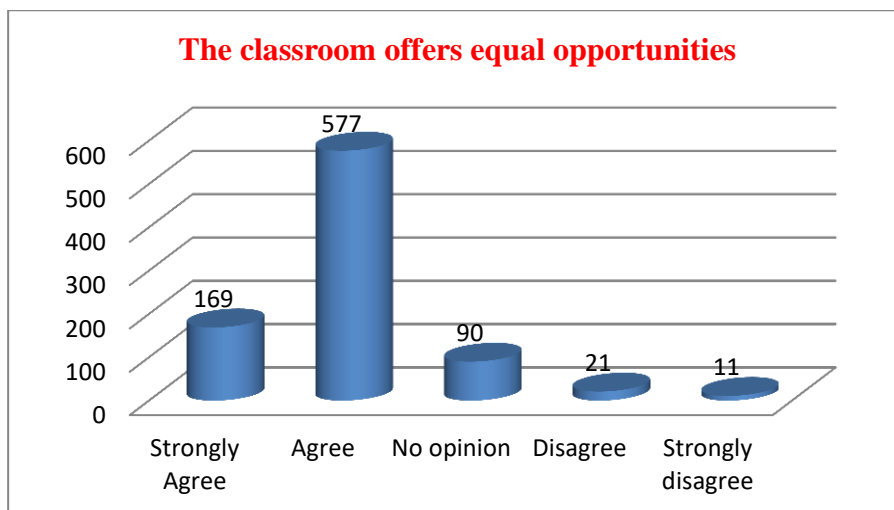

10. Do you reach out to women's cell?

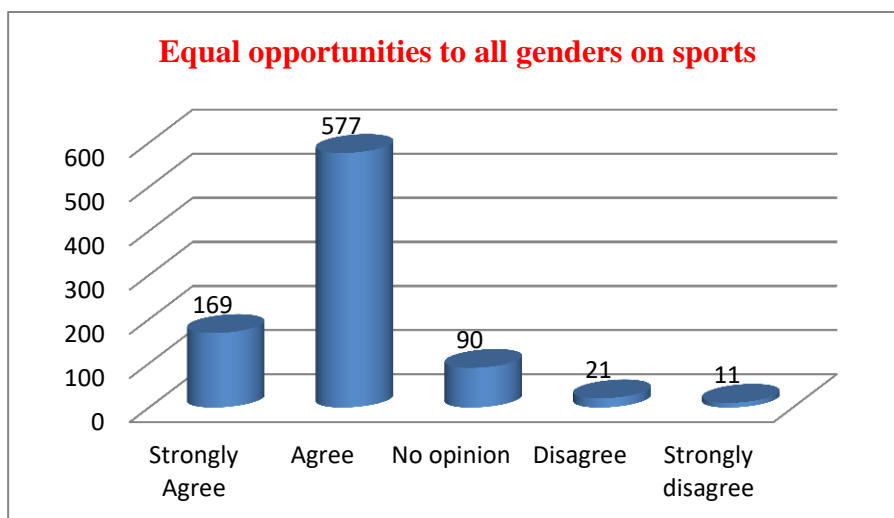

11. A grievance redresses cell has been set up.

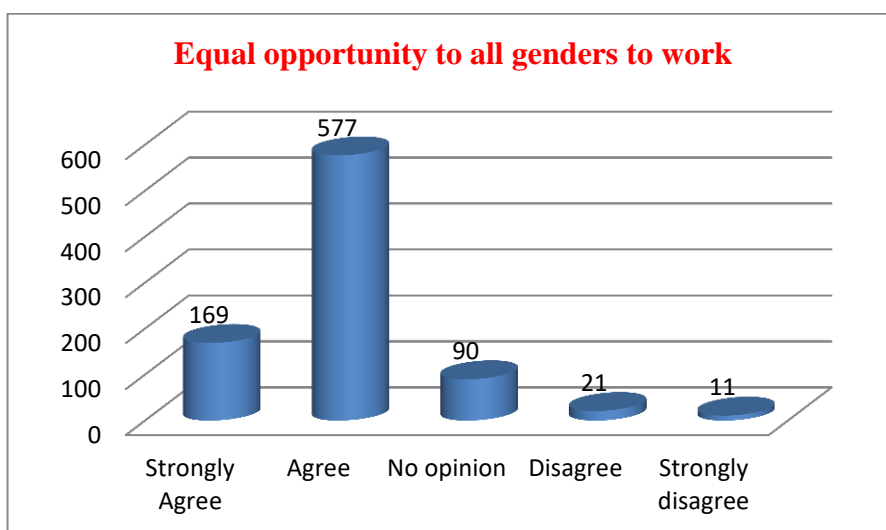

12. The classroom offers equal opportunities to all genders.

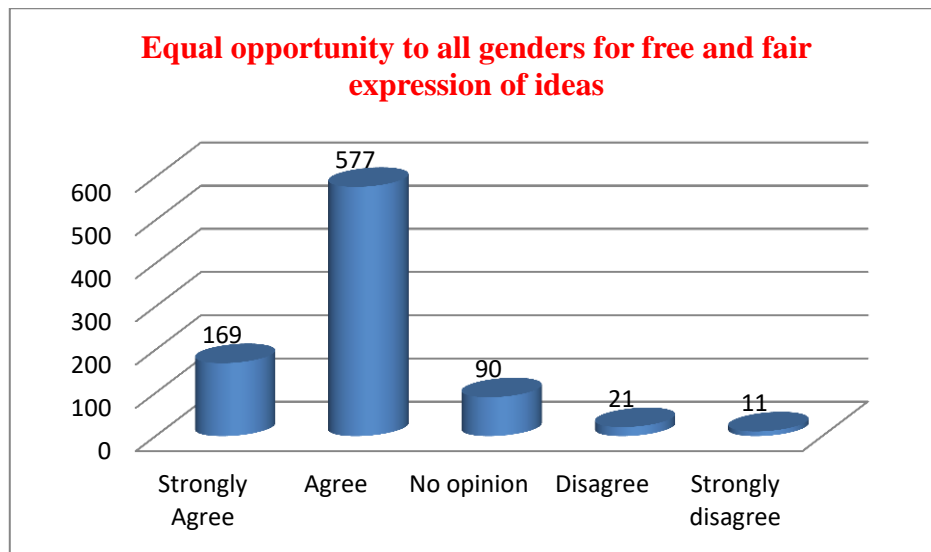

13. The college offers equal opportunities to all genders on sports

14. There is equal opportunity to all genders to work with various clubs and forums

15. There is equal opportunity to all genders for free and fair expression of ideas

Safety for Women

Salient Findings:

- Students strength particularly girl's strength is less in arts and science but in commerce faculty girls are more than boys.
- Girls enrolment is more than that of boys in most of the classes.
- Success rate of girl students is higher than that of boys.
- The participation of girls in cultural activities is higher than boys
- In sports the participation of girls is more than that of boys.
- In NCC & NSS the participation of girls are higher than boys.
- In gender equity program the participation of girls are higher than boys.
- In regular teaching staff the strength of males are higher than female.
- Non teaching staffs have males are higher than female.

Suggestions:

- Define and deepen the understanding of gender equality concepts such as gender equity, empowerment of women, men and masculinities.
- Geography Department Both GE and DSE subjects students can start Human Geography and commercial Geography F.Y.B.Com papers to discuss the philosophical basis of gender division and develop appropriate arguments to counter gender discrimination.
- Department of Political Science has two papers in the syllabus 'Women, Power and Politics'. Which questions the complexities of social structures in gender inequality and 'Feminism: Theory and Practice' can introduce students to contemporary debates on feminism.
- The Hindi department may start a paper on gender issues titled 'Asmita-Mulk Vimarsh aur Hindi Sahitya'.
- We can complement our curricular approach to gender sensitization by organizing co-curricular activities of Girls' Association, Internal Grievance Committee and Gender Sensitization Committee.
- The number of female staff to decision making bodies may be increased
- Organized more sports programmes on a regular basis.
- More awareness program on Legal rights
- College intends to introduce self-employment trainings in different subjects.
- Improve the marketability of the products made by students

Conclusion:

The analysis shows that gender equity goals and objective are included in all the policies, programmes of the college and staff (teaching & non-teaching) also reported that they have no problems related to gender criterion. Gender Audit Team analyzed that the gender equality and gender sensitivity is encouraged by management and staff of the college and they do have gender sensitive behavior.

It is found that the College has lots of strengths and some weaknesses. The weaknesses can be overcome with gradual changes in value set up. Doubtless, the enrolment of girls from all section of society is increasing and there is no a gender issue or complaints. With the strong will power and commitment to gender justice, the College would certainly make a mark in the country.

GENDER AUDIT REPORT 2020-21 & 2021-22

PREFACE

The Rayat Shikshan Sanstha founded by Late Padmabhushan Dr. Bhaurao Patil in 1919, is one of the leading educational institutions in Asia. The contribution of the Sanstha in the field of education is great. It laid stress on the education of the downtrodden, the poor and the ignorant which is the major bulk of society. Karmveer Bhaurao Patil was man of masses who devoted all his life to the cause of their education. He was visionary and realized the dire need of education. He believed in education as a means to eradicate the social evils such as illiteracy, untouchability, caste-hierarchy, money lending, superstitions and social and economic inequality, All his life, he tried to translate this belief into reality.

Welcome you all in our NAAC accredited "A" Grade College run by Rayat Shikshan Sanstha, one of the biggest educational institutes in Asia. We are trying our level best to impart the quality education to the students from the poor, downtrodden, economically and socially weaker sections of the society. The college has sufficient infrastructure with well-equipped laboratories, Computer Lab, Digital classrooms, Women's Hostel, indoor stadium and playgrounds. We promote use of ICT in teaching, learning and administration. The students are provided access to library on all days. Beside this, Book Bank Facility is provided to maximum students and we have planned to provide it to all students in the near future.

The college has been organizing national, state and regional seminars and conferences regularly. We are committed to enhance the quality of teaching and research and also to imbibe various values and skills among our students. For this purpose, we run more than 30 short term courses. We have also established collaborations with various industries which will open the placement opportunities to our students. Our students have shown better results in various sports and cultural competitions and have won many prizes. In the academic year 2014-15 , Pragati Shinde, Bhagyashri Kumavat, Swati Zalte and Swapnali Shinde have won Gold and Silver medals in Judo. Our NSS and NCC departments are very active. Through these departments, we motivate students to participate in various state and national level camps. We

have also Advanced and Slow Learners Cell to bridge the gap between advanced and slow learners.

I am really proud that the faculty members have been continuously striving hard to reach higher academic standards without disturbing their duties and activities in the college. I would like to thank the authorities of parent institution for their valuable guidance and encouragement. I am also thankful to Local Managing Committee for its active support, guidance and encouragement. Once again, I welcome you to S.M. Joshi College, Hadapsar, Pune. I hope that the students seeking and completing their education from this college will have bright and prosperous career.

Gender Policy:

- There shall not be any kind of discrimination on the basis of Gender.
- The institution shall provide equal opportunity for all genders.
- Freedom for all genders to express free and fair opinions.
- There must be an accessible, active, unbiased and confidential grievance redressal cell
- The institute shall arrange effective measures for the safety and security of all gender

Objectives of Gender Audit:

The Gender Audit has the following objectives:

- To find out the areas where gender imbalance exists and the factors behind it.
- To establish good gender balance in decision-making processes in all areas of the College activities.
- To suggest measures for bridging the gender gap.
- To Foster gender equality in all aspects of the college community.
- To see the work and capacity for prevention of sexual harassment at the college

Methodology:

As part of the Audit, we conducted an online survey through Google form specially designed for the Students, Faculty and the non-teaching staff in order to gather and collate the respondent's perception on the prevailing Gender sensitive practices. We also obtained Gender segregated data on the curriculum, male–female composition across various departments as well as listing of program /workshops /Seminars conducted on Gender related topics through another Google form issued to the management of the institute. The statistical data provided for 3 academic years together with the finding of the online survey across respondent groups have been analyzed.

Key Steps in Gender Audit:

- Planning.
- Information was collected through fieldwork, circulating Google Link questionnaires and direct observations.
- Analysis of gathered information, preparation analysis & then of Draft Report.
- Final Report.

Introduction:

S. M. Joshi College is run by the Rayat Shikshan Sanstha, Satara, which was established with the aim of imparting education to the downtrodden masses. It was founded by Late Padmabhushan Dr. Karmaveer Bhaurao Patil in the year 1919, with a vision and mission to educate the children of downtrodden and deprived class and from remote area. He wanted to inculcate the dignity of labour among the students along with the social, spiritual, cultural and human values. He was a visionary who knew education only can eradicate all the social evils. So he established the schools, colleges in inaccessible area which was neglected by the educationists. The number of branches of Rayat Shikshan Sanstha reflects his vision and mission being translated into reality. He brought many promising children to Sanstha and shaped their lives to be the dignity in the society through to go abroad for further studies. Hence by nurturing the values of self help and dignity of labour, the mission statement is reflected.

The easy access to the higher education was provided for all the communities residing around the place. The Institution provides admissions to all the students from socially and economically backward classes. It was decided that the admissions should be open to all the students who qualify the previous qualifying examination with minimum passing marks and who aspire for higher education. The adverse economic condition of the student should not hinder the educational opportunity; hence, the management of the college has been generous in providing the financial assistance and concessions in the fees to the needy students.

The Institution tries to perform a key role in human research development. It makes sincere efforts to foster the global competency among the students. It endeavors to inculcate a value system among student in relation with social, cultural, economic and environmental realities. The Institution has decided to promote the use of update and upgrade technology in the teaching and governance of the college. The institution dreams of the educational campus where everyone is prepared to make use of information and communication technology. This vision has been reflected in the implementation and execution of information communication Technology based degree and diploma courses.

In all its quality effort in higher education the institution has built up a mechanism to monitor the performance of the institution by seeking feedback from the students, teaching, non-teaching staff, prominent alumni and stake holders.

GENDER AUDIT REPORT 2020-21 & 2021-22

Gender wise Details of Total Students & Staff in the College

Table 1: Gender wise Details of Total Students in the College

Sr. No.	Year	Total	Male	Female	%M	%F
1	2020-21	4326	2046	2280	47.30	52.70
2	2021-22	5000	2377	2623	57.54	52.46

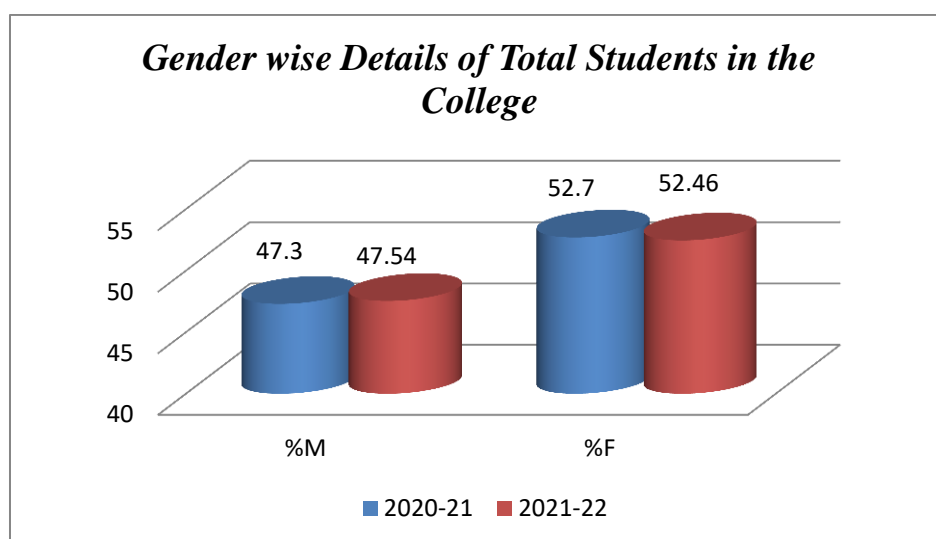

Figure 1: Gender wise Details of Total Students in the College

The table shows year wise gender classification of male and female strength of students and the total number of admissions to the college. It appears that the number of male students increased in 2020-21 so there is a slight increase of 0.24 % is found to be there with female's population and slight decreased of 0.24 % is found to be there with female population as compared to previous year.

Table: 2 Gender wise Details of Total Students in Arts faculty

Sr. No.	Year	Total	Male	Female	%M	%F
1	2020-21	1049	521	528	49.67	50.33
2	2021-22	1234	626	608	50.73	49.27

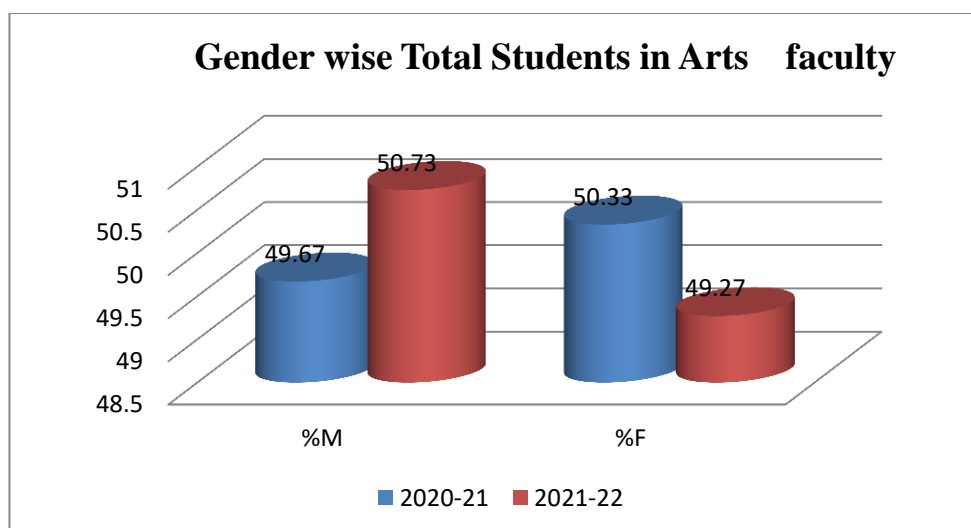

Figure: 2 Gender wise Details of Total Students in Arts Subjects

The number of students increased in 2020-21 so there is a slight increase of 1.06 % is found to be there with male's population and slight decreased of 1.06 % is found to be there with female population as compared to previous year. The number of males in arts subjects such as Marathi, Hindi, English, Economics, Geography etc. slightly decreased as compared to previous years.

Table: 3 Gender wise Details of total students in Science faculty

Sr. No.	Year	Total	Male	Female	%M	%F
1	2020-21	767	371	396	48.37	51.63
2	2021-22	973	452	521	46.45	53.55

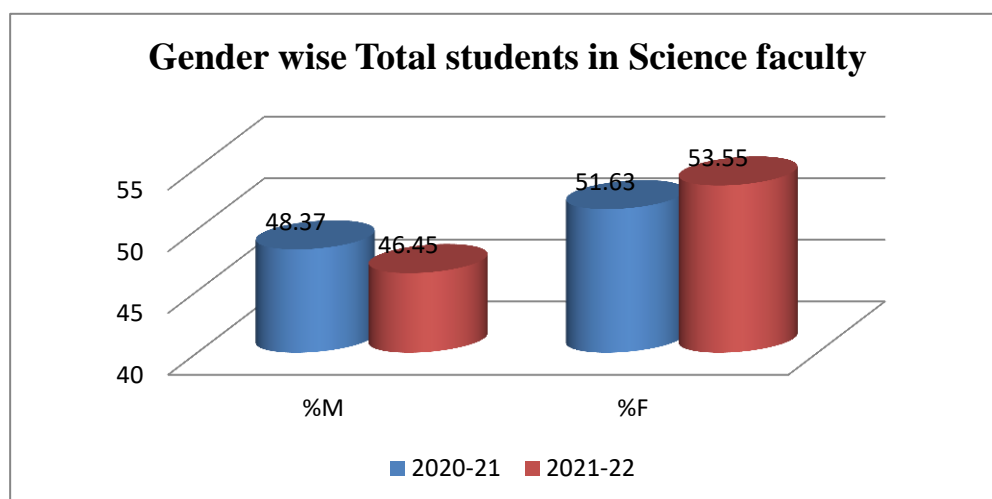

Figure3: Gender wise Details of total students in Science

The 1.92 % increase found in total number of students reflected here also. In science though the numbers of males are still more but a decrease is found as compared to previous years. It is interesting to note that participation of male is more in science

education. This underlines again, as the comfort zone provided by the college in science laboratories in which males have to interact with staff and female students during practical hours. Similar type of phenomenon has been observed in commerce stream.

Table: 4 Gender wise Details of total students in commerce faculty

2	2021-22	124	53	71	42.74	57.26

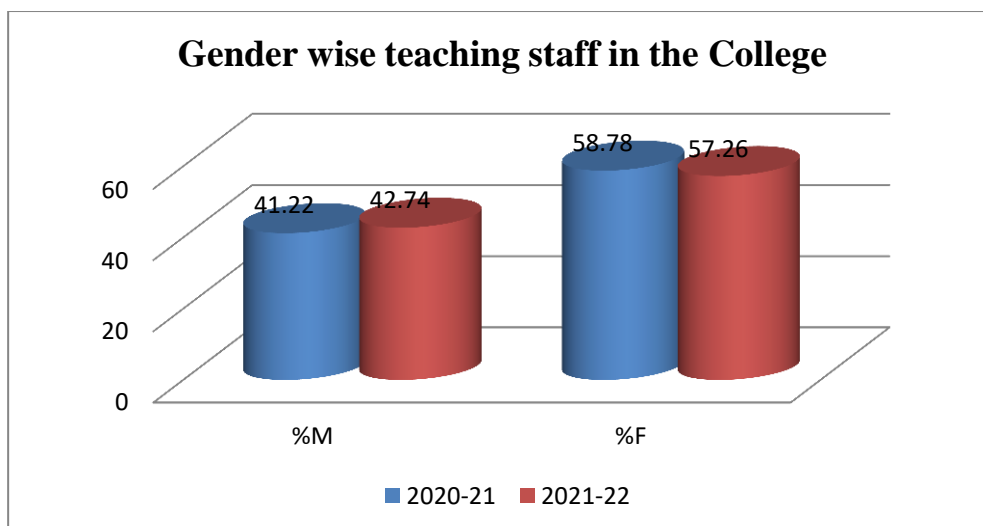

Figure: 8 Gender wise teaching staff in the College

The total number of male teaching staff is more as compares to female. Not with standing mandatory female reservation policy of the state government female teachers are significantly less than the male. This may be due to the fact that well educated female work force has been less. It is improving in the last few decades but not sufficient enough to be reaching to 50% mark. Compared to other colleges in the area this college certainly stands out in terms of women participation in teaching. This proves that Maharashtra men are empowering as time travels. It's also a need of Institution to have more female teachers with more girl's students.

Figure: 10 Gender wise Details of Non-Teaching staff in College

Since two years gender wise details of total non-teaching staff in College the ratio is fixed as near about 100 % males are in non-teaching. It is appropriate to have 100% of the staff here as men. But it is hoped that it can be improved in the future. Otherwise it is not suitable for college students for administration. This issue has been discussed with the principal of the college during audit. According to him the management has complete awareness about the issue. They prefer female candidate at the time of interview and appointment of staff. It is also observed by the management that attrition rate is alarming in case of women staff because of their migration after marriage. The college makes it sure to have presence of women teacher in the office and student facility center during the peak hours. Such kind of practical approach by the head of the institution is well appreciated.

Table: 11 Gender wise Details of total students in NCC

2	2021-22	250	93	157	37.2	62.8

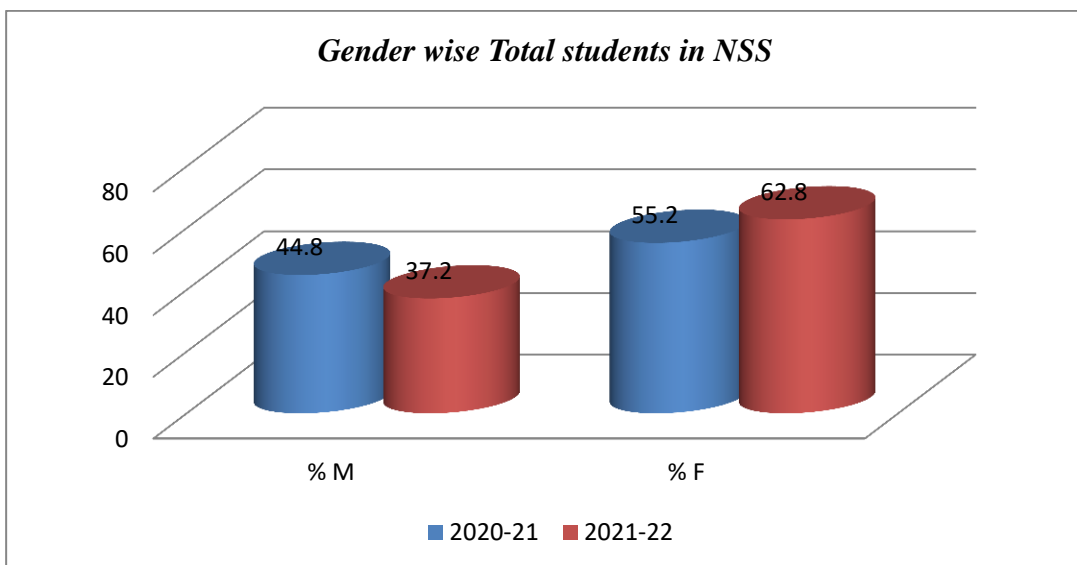

Table: 12 Gender wise Details of total students in NSS

The numbers of students are fixed at 250 for each year. Of the total number

participating in the NSS committee, the number of girls has increased from 55.2 to 62.8 per cent in two years, while the number of boys has dropped from 44.8 to 37.2 per cent in 2020-21 & 2021-22 years respectively. The selection of NSS volunteers are on the basis of their attitude towards selfless service to societal actions and also the ability to work in group is also considered. It's a matter of pride to see girls always excel in these activities.

Table: 13 Gender wise Details of total Participants in College Sports Activities

Sr. No.	Year	Total	Male	Female	% M	% F

2	2021-22	84	59	25	70.24	29.76

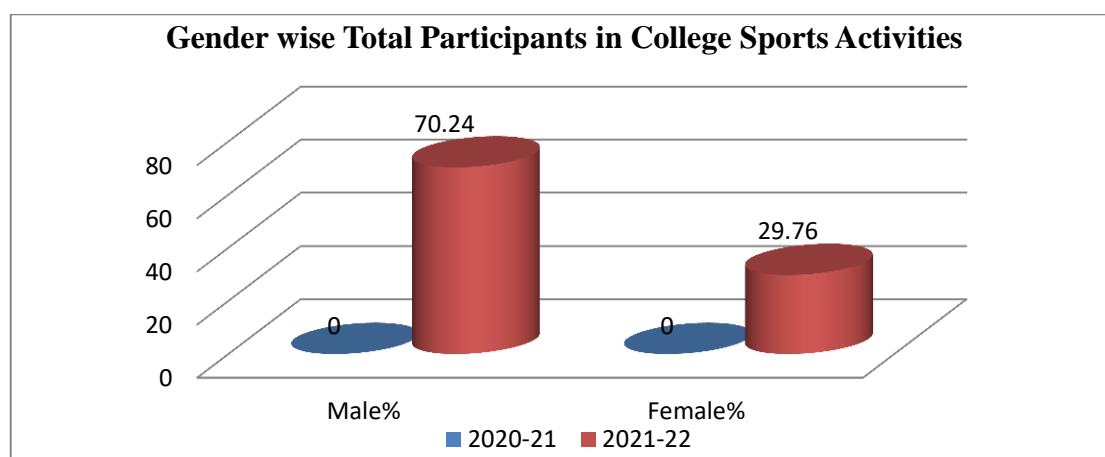

Table: 13 Gender wise Total Participants in College Sports Activities

The sports competitions are male dominating. Girls concentrate more on athletics but youngsters are involved both in athletics and other games too. Academic year of 2020-21 no sports activity was done by university as well as government due to Covid 19. In the participants of College sports activities are in academic year 2021-22 male 70% and female 30%.

Observations:

As the vital part of this audit a structured questionnaire in Google form has been circulated among the students asking them about gender equity policies and practices in college. About 567 students have answered. The analysis of their responses regarding programme planning and design in the college and its activities revealed that most of the student members feel that the gender equity in policies programmes of the college is adequate.

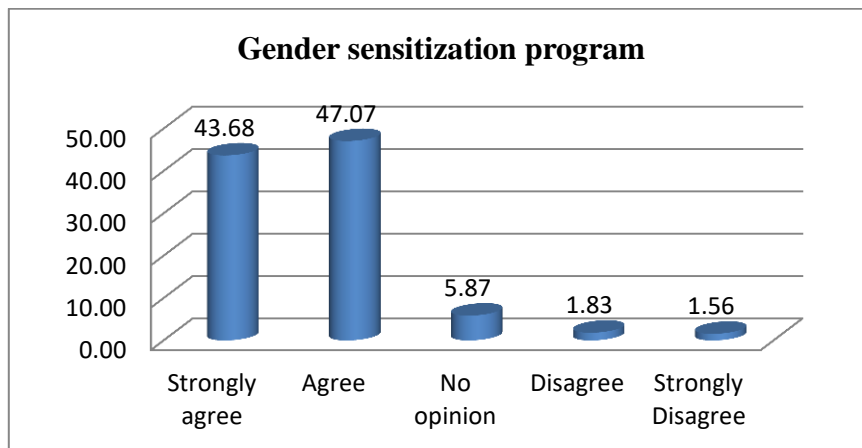

Female participation in learning:

The data regarding number of male and female students clearly shows that male participation in learning is more, although marginal, than that of male in the year 2020-21 & 2021-22 (*Table No. 1*). The next year, however, has shown microscopic decrease in female participation. It may be stated here that the girls in the catchment area of the college have consistently believed that it is quite attractive, safe and comfortable for the girls coming from rural areas.

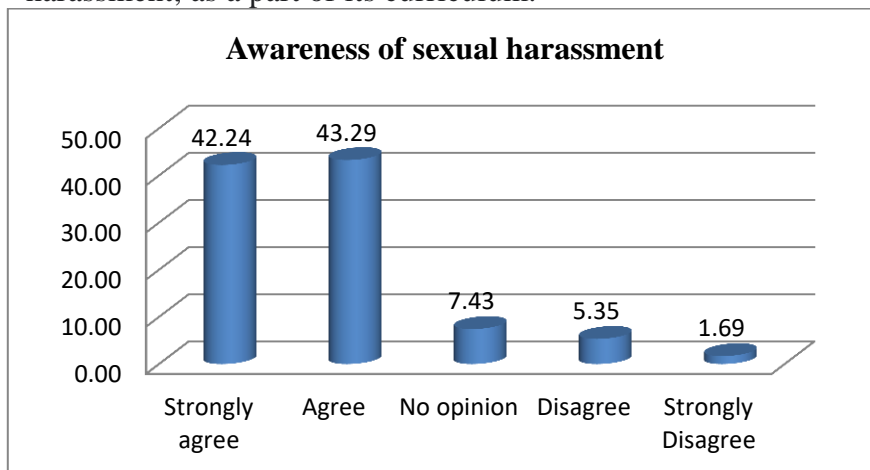

Number of Survey participants-567

Audit team have collated the data & analyzed the same with respect to the survey results for presenting the same in this report. A questionnaire online link was prepared for Gender Audit and distributed to all students through Class Teachers. More than 50 percent of students of the college participated in this survey. The details of this survey are as follows.

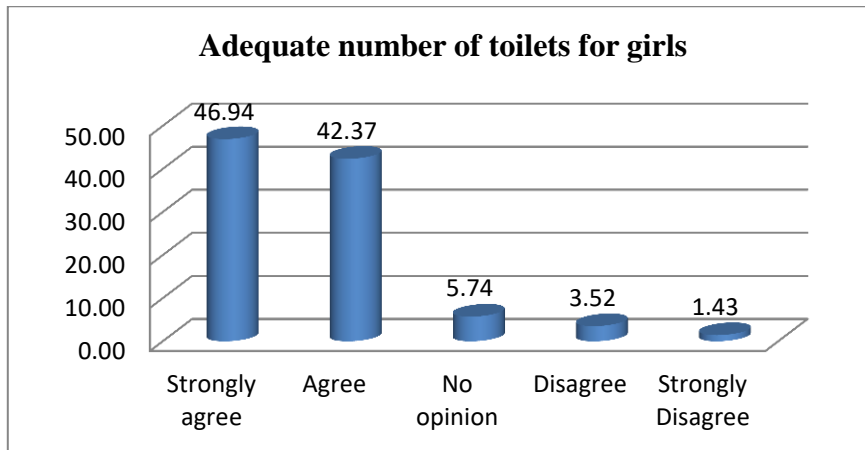

1. The college conducts gender sensitization program as a part of its curriculum

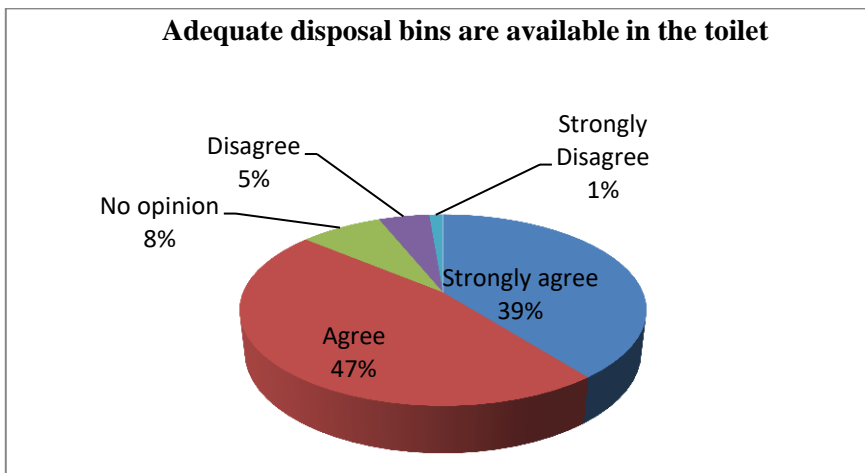

2. The college conducts gender awareness programs, such as awareness of sexual harassment, as a part of its curriculum.

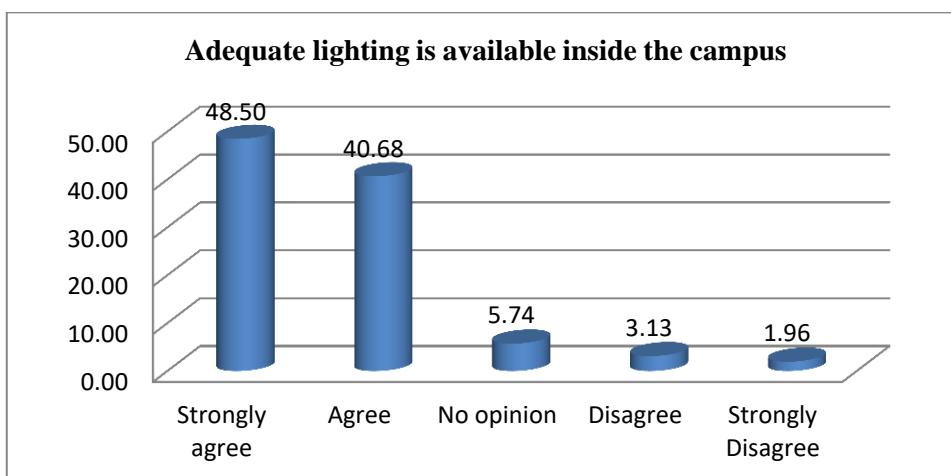

3. Adequate number of toilets are available in the campus for girls.

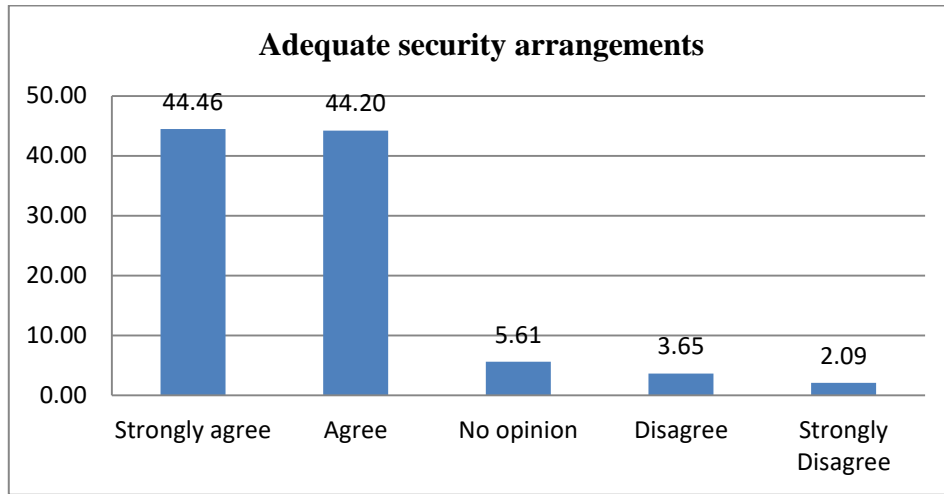

4. Adequate facilities are available inside the toilet keeping in mind the need of the girl students. Adequate disposal bins are available in the toilet

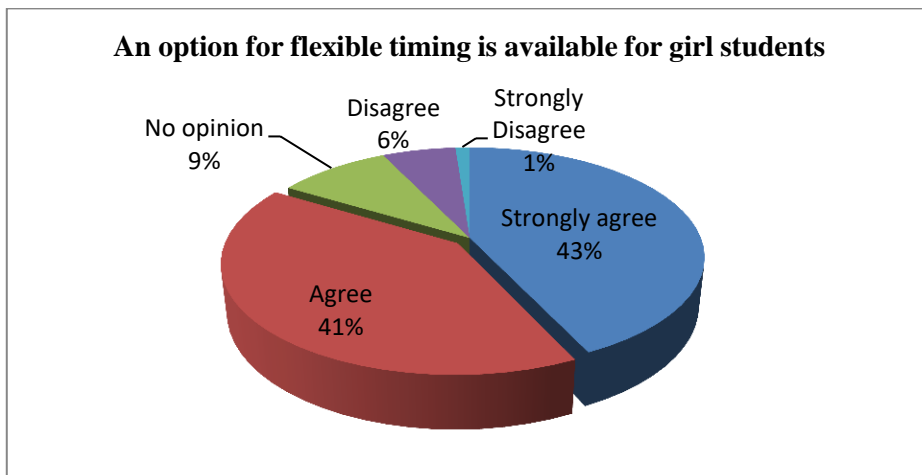

5. Adequate lighting is available inside the campus during night, including but not limited to, adequate light in corridor, class rooms, common areas, toilets etc.

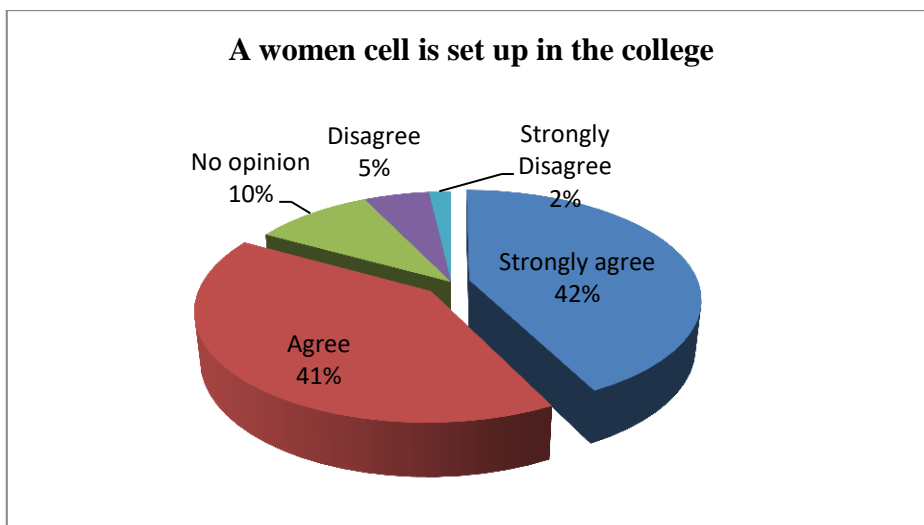

6. Adequate security arrangements have been made in the campus and common areas during day and night.

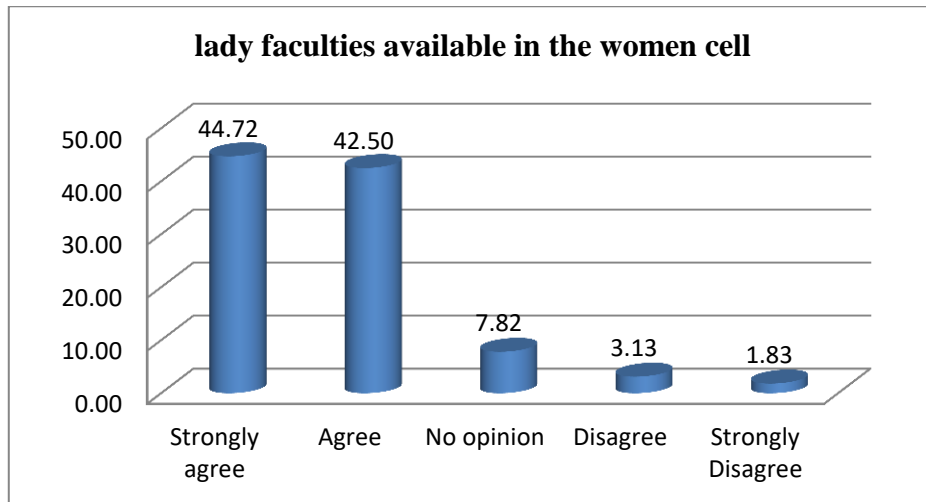

7. An option for flexible timing is available for girl students. For example, for outside scholars, no class is arranged in late evening or early morning.

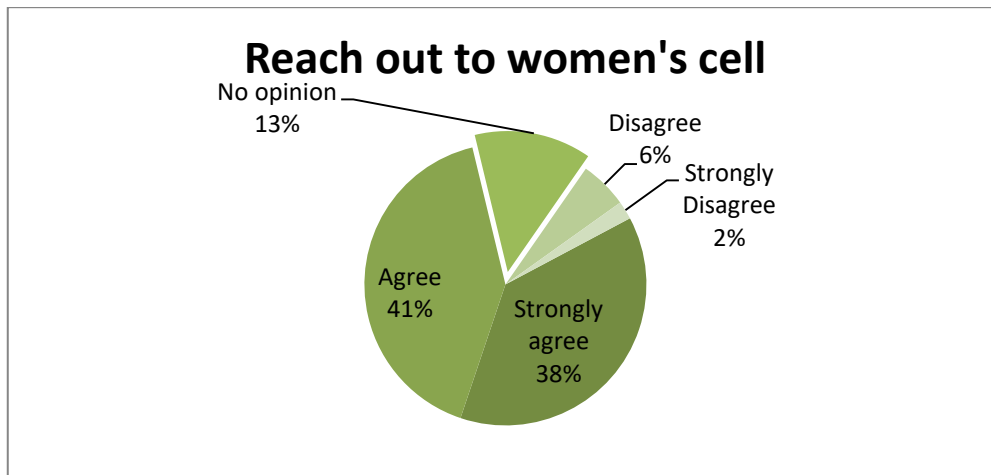

8. A women cell is set up in the college and students are aware about the women cell.

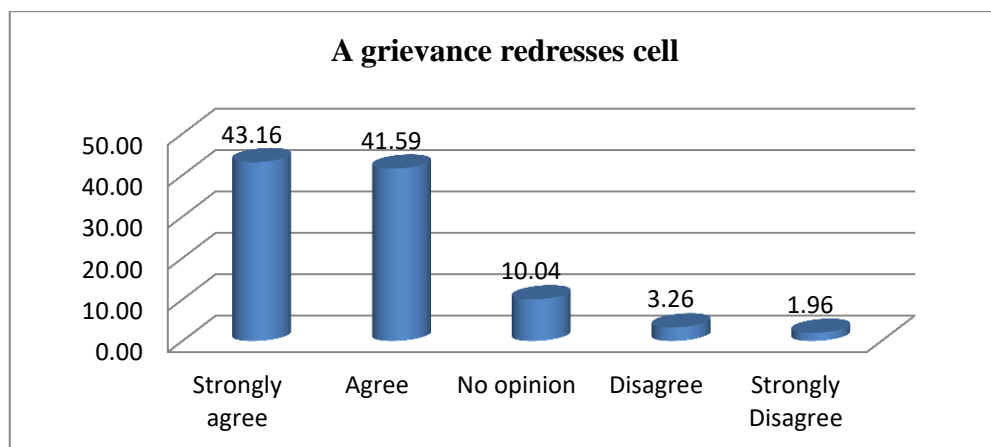

9. There are lady faculties available in the women cell.

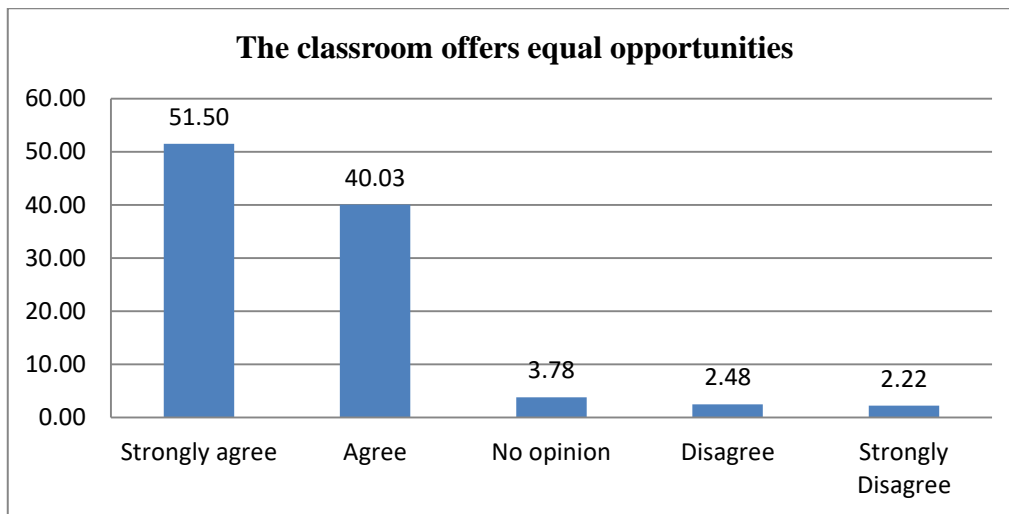

10. Do you reach out to women's cell?

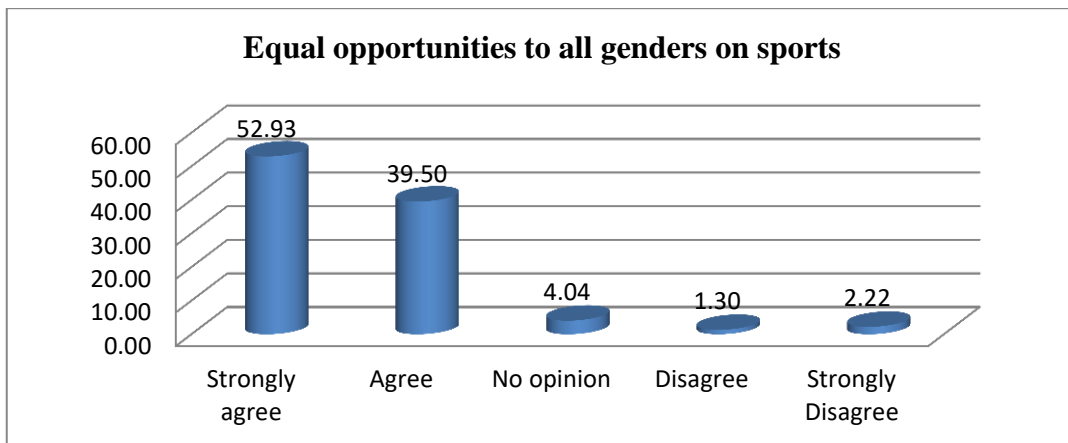

11. A grievance redresses cell has been set up.

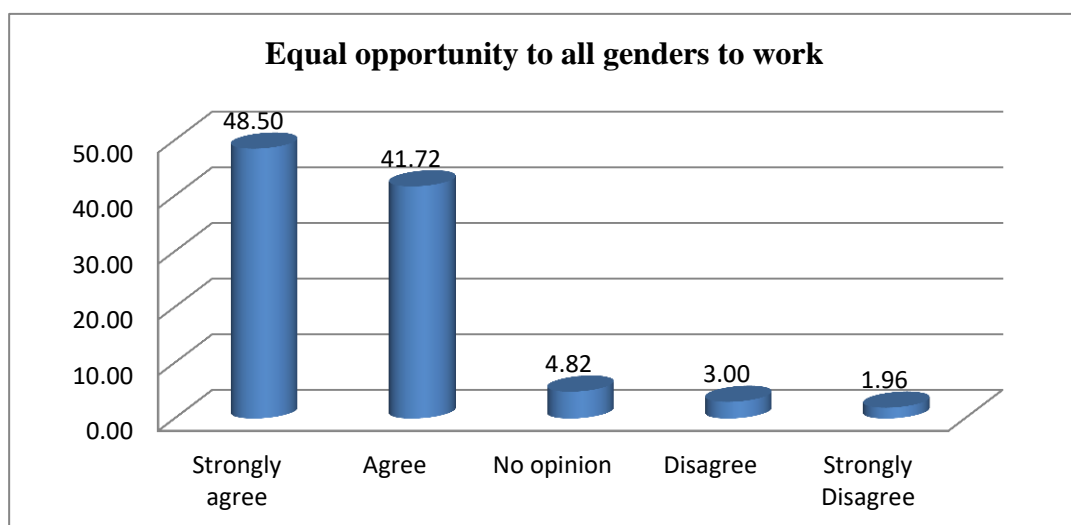

12. The classroom offers equal opportunities to all genders.

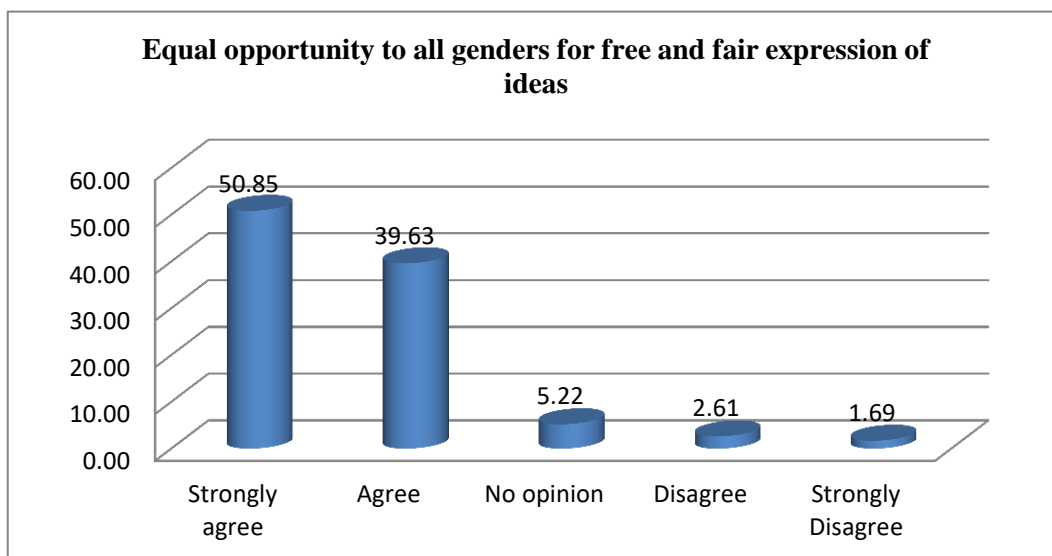

13. The college offers equal opportunities to all genders on sports

14. There is equal opportunity to all genders to work with various clubs and forums

15. There is equal opportunity to all genders for free and fair expression of ideas

Salient Findings:

- Students strength particularly girl's strength is high in both arts and science UG and PG programmes except BCA & BBA programme.
- Girls enrolment is more than that of boys in most of the classes.
- Success rate of girl students is higher than that of boys.
- The participation of girls in NSS & cultural activities is higher than boys
- In sports the participation of boys is more than that of girls.
- In regular teaching staff the strength of females are higher than male
- Non teaching staff have male is more than female ratio.

Suggestions:

- Define and deepen the understanding of gender equality concepts such as gender equity, empowerment of women, men and masculinities
- The number of female staff to decision making bodies may be increased
- Organise more sports programmes on a regular basis.
- More awareness program on Legal rights
- College intends to introduce self-employment trainings in different subjects.
- Improve the marketability of the products made by students

Conclusion:

The analysis shows that gender equity goals and objective are included in all the policies, programmes of the college and staff (teaching & non-teaching) also reported that they have no problems related to gender criterion. Gender Audit Team analyzed that the gender equality and gender sensitivity is encouraged by management and staff of the college and they do have gender sensitive behavior.

It is found that the College has lots of strengths and some weaknesses. The weaknesses can be overcome with gradual changes in value set up. Doubtless, the enrolment of girls from all section of society is increasing and there is no a gender issue or complaints. With the strong will power and commitment to gender justice, the College would certainly make a mark in the country.

Technology	2	48	50	4.00	96.00
Total	96	98	194	49.48	50.52

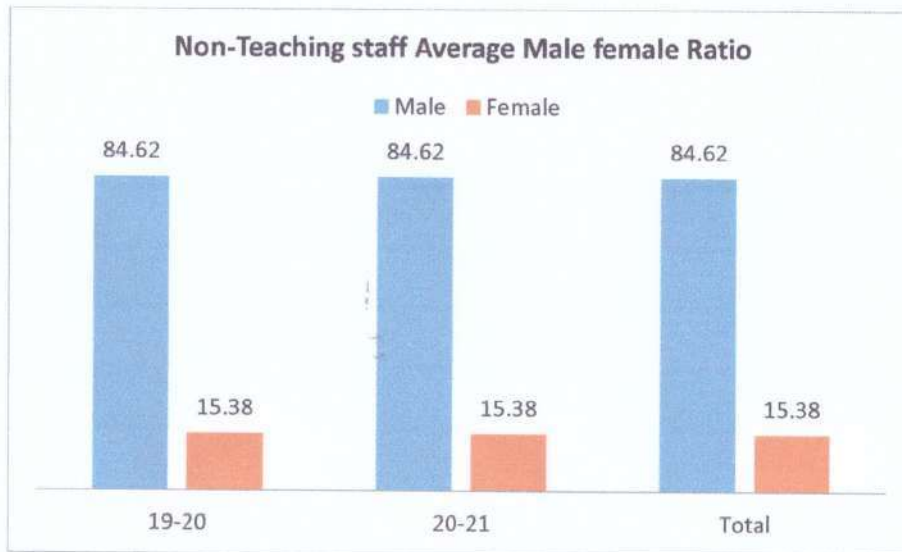

The above statistics show the male and female classification and ratio of teaching staff. It shows that there are less disparities as regards average ratio for all faculties. However the ratio for Humanities and Commerce needs serious attention. The college needs to take efforts and make policy changes to get more and more female staff recruited in order to achieve parity in respect of all faculties.

3. Non-Teaching Staff: Male Female Ratio

Non-Teaching staff Male female Ratio					
Year	Male	Female	Total	Ratio	
				Male	Female
2019-2020	11	2	13	84.62	15.38
2020-2021	11	2	13	84.62	15.38
Total	11	2	13	84.62	15.38

The above statistics show the male and female classification of non-teaching staff. The data shows that there is male dominance in non-teaching staff.

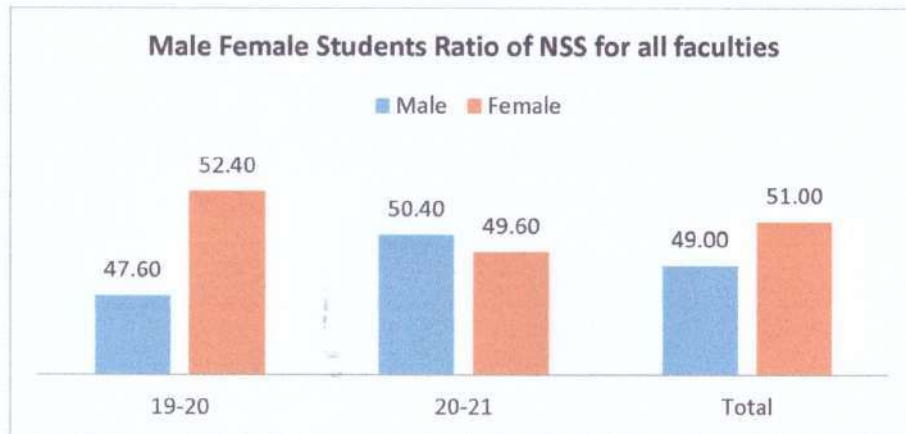

The institute needs to make a sea change in the recruitment policy to bring about parity.

4. NSS and NCC Male female Ratio:

The college has both NSS and NCC programmes. The male female ratio for these programmes is as follows

Male Female Students Ratio of NSS for all faculties					
Year	Male	Female	Total	Ratio	
				Male	Female
2019-2020	119	131	250	47.60	52.40
2020-2021	126	124	250	50.40	49.60
Total	245	255	500	49.00	51.00

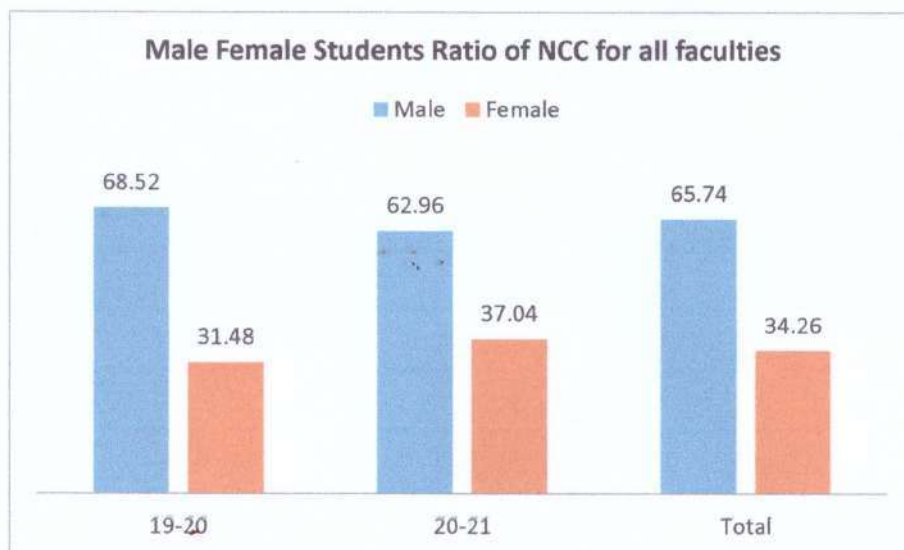

Average ratio of male female students for NSS is 49.00 :51.00. this shows equal participation and awareness in male and female students about importance of social responsibility.

Male Female Students Ratio of NCC for all faculties

Year	Male	Female	Total	Ratio	
				Male	Female
2019-2020	37	17	54	68.52	31.48
2020-2021	34	20	54	62.96	37.04
Total	71	37	108	65.74	34.26

Average ratio of male female students for NCC is 65.74: 34.26. This shows dominance of male students.

The College should encourage girls to participate in NCC in order to create awareness about careers in the defense forces.

Part B: College Infrastructure:

1. The college has two buildings in which all above mentioned programmes are run. The college has one ladies common rooms having 365.8 sq. ft. area. The ladies common rooms are equipped with attached toilets and bathrooms, Vending Machine, T. V. Unit etc. facilities. This is very appreciable. There are 43 blocks of toilets for girl students. With twenty four hour (24*7) water availability with twice daily frequency of cleaning.

2. The college had extended its cooperation to Pune MNC for Covid centre at college hostel.

Part D: Gender Policy

1. The college has a gender policy which reflects various aspects of gender concern.
2. Staff and teachers both are encouraged to take maternity leave and paternity leave and similarly they enjoy all other facilities. However there was no demand for such leaves during the assessment period.
3. Male and Female teachers are provided leave facility for faculty development programmes, refresher courses, orientations, as participant or resource person, etc. according to their need.
4. There is separate budgetary provision for Gender Equity Programmes worth amount 5000/- Rupees.
5. The college provides various Scholarships provided by the government.

Part E: Institutional Mechanism

1. College has an Internal Complaints Committee for prevention of sexual harassment. Committee meets frequently and also organizes lectures on sensitization about sexual harassment.
2. The complaints are resolved with mutual understanding and actions wherever needed. However no complaints were received during assessment period.
3. The college has Anti Ragging Committee which tries to maintain healthy atmosphere in the college. It meets frequently and solve the issues reported to it.
4. The college has displayed Helpline Numbers in case of emergencies and boards of all committees on the walls of college.
5. The college has women empowerment cell. It conducts various activities such as *Beti Bachao Abhiyan*, Gender Equity Workshops, Lectures etc.
6. College has mentoring scheme for all the students. The students are divided among the teachers for mentoring. The college has appointed a ladies counsellor Dr. S. S. Sawant for female students.
7. College also has organized activities like lectures on Women's Health, Entrepreneurship and career, women and Cyber Security. It had organized an Online One Day Webinar on the occasion of celebration of Women's Day.

Part F: Performance and Incentives

1. The College provides scholarships granted by the Government. College also provides institutional scholarships and nine female students were benefited during assessment period.
2. College has given commendable contributions during times of pandemic COVID19 for the society as a whole which reflects its social responsibility.
3. Students could not participate in any activities due to pandemic situation.
4. Female staff also has got opportunity to work in higher positions and various committees. Dr.Sawant S. S. is the member of LMS and Dr.Jadhav R. K. is NSS-Po.

Part G: any other efforts of college to create gender equity and healthy atmosphere

College tries to create gender equity and healthy atmosphere through organizing various lectures on women empowerment, women rights, cyber security, nutrition and sound working of all the committees.

Commendations:

1. Male female ratio of UG and PG students reflect very less disparities. It shows that the college is availing both male and female students from surrounding areas with higher education and it is appreciable.
2. College has given commendable contributions during times of pandemic COVID19 for the society as a whole which reflects its social responsibility.

Recommendations:

1. The college has to make sea change in recruitment policy to get female teaching and non teaching staff recruited.
2. College should organize entrepreneur training programmes for girl students to equip them with various skills.

3. The college should organize self-defense training programmes for girl students so as to make them self-sufficient in securing themselves.
4. College should subscribe magazines like MilunSaryajani, SakshamSmiksha, SammelanPatrika etc.

Thus on the basis of above observations and examination of the documents and proforma for Gender Audit Report submitted by the S. M. Joshi College, Hadapsar, Pune-28 the College has scored **131**marks out of 200 i.e. **College has secured 65.5%**.

Neighborhood Activity: Dengue control with Guppy fish in Allahat Vasti Hadapsar,Pune

Guppy fish (*Poecilia reticulata*) can be one of the five most effective methods of dengue control, as these tiny fish can be placed in water bodies in and around homes, where they will eat the larvae of dengue-transmitting mosquitoes. The goal is to reduce the mosquito population as much as possible, and lower the rate of dengue disease in local communities.

Department of Zoology (Health Centre) NSS, NCC& IQAC in association with Municipal Corporation, Pune (Kshatriya Karyalaya) organized Guppy fish distribution awareness and release in water bodies which are heavily harbored by mosquito larvae. The guppy fishes are donated free of charge to college for this social activity. These fishes were collected in polythene bags for easy distribution to students and persons residing in Allahat Vasti (Hadapsar). This area is 2 km. away from the college.

60 students of Department of Zoology (Health Centre), NSS&NCC were actively participated in this social activity. Mr. Nilamber Kharat (Malaria Investigator, Municipal Corporation (PMC) regional office Hadapsar also participated the activity with us. During the activity Mr. Nilamber Kharat saheb delivered a lecture on dengue and guppy fish awareness. He also gives hands-on training of guppy fish releasing technique in water bodies. How to identify? Water bodies are harbored by mosquito larvae. How we can eradicate larvae from water body's ecofriendly?

As per the guidelines students distributed guppy fish bags to local persons from the housing societies and also slum area. They also release guppy fishes in some water bodies which are heavily harbored by mosquito larvae from Allahat vasti. They also made awareness about dengue and malaria like diseases.

संक्षेपान्विते: जगात डिजिटल साक्षरताची गरज आहे. शिक्षणाच्या माध्यमातून डिजिटल साक्षरतेमध्ये खूप काम करावे. वेदिक, त्यातून बदल होण्यास मदत होईल. युवकांमध्ये आय.टी.च्या निर्माण करणे. तंत्रज्ञानाच्या आधारी अगत्यात बदल केला पाहिजे. साह माध्यमातून साक्षर फायदाचूक टाकत वेदिक आणि युवा जगामध्ये निर्माण करू शकतो, असे विचार कोर्स फोकसटीव्हा डीन डी. हर्षा यांनी सादले.
